Red Berlin Strikes Reported

Work Load, Poor Pay Are Reasons

Berlin, Oct. 18 (AP)—Labor unrest has erupted into slowdown strikes in three communist East German cities, a West Berlin newspaper reported today.

The independent paper Der Tag said 2,000 Red police had been rushed from East Berlin to the city of Magdeburg, reported center of the strikes.

Official sources in West Berlin said so far they had not received confirmation of Der Tag's report. But the official communist trade union paper Tribuene admitted two days ago that workers in four big Magdeburg plants had shown "dissatisfaction" with excessive work and poor pay.

Union Officials Warned

The Red organ said the complaints were justified and warned local union officials to take care that in the future "the interests of the workers are not violated."

Der Tag said the slowdowns have spread to sections of factories in two other cities—Erfurt and Karl-Marx-Stadt.

"The main reason for the refusal to work," the West Berlin paper says, "lies in the fact that management has raised work quotas without granting suitable wage increases."

Almost the same circumstances touched off the bloody East German workers' rebellion of June 17, 1953. This uprising—which began in East Berlin and spread like wildfire to other East German cities—finally was put down with the aid of Soviet tanks and soldiers.

East Press Silent

The East German press made no mention today of the strikes.

Der Tag noted the Tribuene report and claimed unrest was much greater than the Communists admitted.

According to the West Berlin paper:

The Magdeburg strike has affected the big electrical plant that is almost exclusively concerned with export orders for the Soviet bloc.

Patrols Are Used

There have been no reports of arrests or violence in Magdeburg or the other two cities. But armed police have cordoned off individual buildings at the Magdeburg electrical plant and are making regular patrols through all sections.

The workers are reporting to

FATALITY NEAR ACCORD—A collision between a 1954 sedan operated by Charles Walker, 53, of Ellenville, and a New York Telephone Company truck operated by Richard Van Kleek, 29, of Cragsmoor, late Wednesday afternoon resulted in the death of Mr. Walker and injuries to Mr. Van Kleek who was reported in good condition today at Veterans Memorial Hospital, Ellenville. The head-on collision occurred on Route 209 about a quarter of a mile south of Accord. (C. and G. Sheeley photo).

Junior League Panel Discusses Planning for Growing Community

Area progress through cooperative community planning and the economic problems encountered in a city sales tax were discussed here Wednesday at the Junior League Conference-in-Miniature held at the Governor Clinton Hotel.

Approximately 130 Junior League members from Newburgh, Poughkeepsie, Kingston and Middletown participated in the one-day conference.

A discussion on city planning followed a noon luncheon. The panel included Mayor Frederick H. Stang, moderator; George Silkworth, president of the Kingston Area Chamber of Commerce; Edward O'Neil, Newburgh attorney, and Dr. George Robinson, director of the Bureau of Planning of the New York State Department of Commerce, who spoke on "The Individual in the Changing Community."

Planning Board Essential

Problems which confront a growing city like Kingston can only be solved through the assistance of a planning board, Dr. Robinson told the conference. He congratulated Mayor Stang and the city "for their foresight in establishing a planning board which will coordinate all activities affecting the environmental factors and physical patterns."

Duties of a planning board, outlined by Dr. Robinson, include the formulation of a master plan, official maps and attempts to set up sub-divisions of control. It also aids in zoning and setting up a capital budget and long range financial plans, he said.

Up to People

"Such modern municipal control, however, is entirely up to the people," he said. "With proper backing for intelligent planning from an alert and informed citizenry, the elected and appointed officials can make full use of this relatively new tool for municipal progress called planning," Dr. Robinson pointed out.

The city is making preparations to enter the urban planning assistance program next year if the state appropriates the needed funds "but city officials must be supported by the citizens in this venture," he said.

Can't Live Alone

"Progress can be made only when all the people get together and plan," Dr. Robinson said, because no district can live by itself."

He said the "annexation of outlying districts" prompts a hands-off attitude by residents of surrounding communities but it benefits each community to participate in planning discussions "in order that when another community continues to progress they are not left behind."

Mayor Stang noted that Kings-

Losee, Serving Murder Sentence, Asks Review

Harvey W. Losee, Hyde Park, who was sentenced as a second offender to a term of from 20 to 40 years for the alleged murder of Gerald Foster, 13 year old Poughkeepsie school boy, about a year ago, may have the sentence set aside on the grounds he never before had been convicted of a crime.

County Judge Louis G. Bruhn recently heard an application from Losee, who is serving his time at Green Haven State prison, for dismissal of the first conviction which he alleged had taken place in Ulster county back in 1929. Losee charged he was not represented by counsel and therefore the conviction was illegal.

Arrested in 1929

In 1929 Losee was arrested on a charge of grand larceny, second degree, for the alleged taking of a car in Saugerties. He was arraigned before Justice Charles Bennett and committed to await grand jury action.

An examination of Losee at that time by medical officials caused him to be certified to the Napanoch Institution for Male Mental Delinquents.

Under the law as it then existed a defendant, charged with a crime could be sent to Napanoch prior to conviction and held pending recovery.

No Conviction Found

After hearing the application to set aside the "conviction" in Ulster county in 1929, as alleged by Losee, Judge Bruhn found in reviewing the case that Losee had never been convicted in Ulster county.

In a decision handed down this week, Judge Bruhn holds that since Losee never was convicted prior to the murder conviction in Dutchess county, he appeared before the Dutchess county court as a first offender.

Suggests Writ

Judge Bruhn had dismissed the application of Losee which sought to set aside a "conviction" in 1929 in Ulster county on the grounds there never had been a conviction here and none now exists. He has also recommended that Losee seek through a writ of habeas corpus proceeding a review of the sentence in Dutchess county on the grounds the sentence as a second offender was an error.

Losee's conviction in Dutchess county was on a charge of murder.

Foster Missing

About a year ago Gerald Foster disappeared from his home in Poughkeepsie. Two weeks later his body was found under a tree on the Anderson School property at Hyde Park.

Retailers of Area to Help Community Chest With Plan

Leading retailers of the greater Kingston area will join with Community Chest volunteer leaders in observing "Community Chest Days" here starting Friday and continuing through October 31.

Special promotions have been arranged, suggested by several merchants, in which the concerns will donate a part of their profits during certain days—or their profits on featured articles—to the Chest, according to an announcement by W. Henry Haltermann, volunteer director of promotion for the Chest campaign.

Firms wishing to join in the special promotions should contact the Community Chest office within the next 24 hours, Mr. Haltermann said. Several concerns have already made application to be included.

A number of promotional stunts will be staged to highlight the observance, which has been designed as a grand finale for the third annual Community Chest drive.

The promotion will tie in with intensive "Community Chest Bandwagon" efforts to "push the drive over the top" in its closing days, Mr. Haltermann said.

The Chest campaign, completely organized this year, has made steady progress toward its $108,000 goal. The "Community Chest Days" proposal, suggested first by several merchants, has been designed to stimulate interest as October, traditional Red Feather month, draws to a close.

Chest officials point out that the last several thousand dollars is always the hardest to raise, and the extra "push" is being planned to end the drive on time, rather than extend it into November as had to be done last year.

The drive, headed by Paul F. Steinkuller, combines the former individual fund drives conducted by eight separate agencies—Boys Club, Boy Scouts, Girl Scouts, Jewish Community Center, Salvation Army, Volunteers of America, YMCA and YWCA.

Further details about the special retail promotion, and requirements for joining it, may be obtained by interested concerns by calling the Community Chest office, prior to 5 p. m. Friday.

Bruhn Urges Closer Home, Church Ties As Step to Curb Juvenile Delinquency

Strong home, school and church ties can be more effective in the juvenile delinquency problem than a new Youth Court Act County Judge Louis G. Bruhn said Wednesday night in an address here.

Judge Bruhn was guest speaker at the 22nd annual dinner of the Association of Grand Jurors of Ulster County. More than 75 members and guests attended the event at The Barn.

He urged closer cooperation among the growing generation, their families, churches and schools to prevent the wrongdoings that land young people in court.

The judge's advice was to get at the root of the situation—prevent infractions of the law in the first place.

The new Youth Court Act provides for special court treatment of first offenders between the ages of 16 and 21. It is to take effect February 1, 1957.

District attorneys, boards of supervisors and the press are asking that the state legislature reconsider the act passed at its last session, because it is considered costly and no deterrent to crime.

Judge Bruhn said the present Youthful Offender Section of the law, started in 1944, is almost adequate in its provision for dealing with youngsters under 16.

"With a few changes," he said, "the section would prove more than adequate."

Cases are handled by the county judge in chambers without any publicity as far as names are concerned.

The new act would shield from publicity those up to 21.

Judge Bruhn praised the Grand Jurors for their interest in youth and urged them to continue their programs.

The Association in collaboration with the Kingston Police Department sponsored lectures by officers in various schools, and sponsored two youngsters for summer camp vacations this summer.

Judge Bruhn said he favored community-wide projects with rewards for youths. "In this way," he said, "we prevent wrongdoings before they happen.

District Attorney Howard C. St. John, who introduced Judge Bruhn, has also opposed the new Youth Court Act as costly and ineffective.

Judge Bruhn spoke of a particular case appearing before him as county judge and through proper counseling the boy in

One Dead In Crash At Accord

Phone Co. Driver Goes to Hospital

Charles Walker, 53, of Ellenville, was killed late yesterday afternoon near Accord in a collision between his car and a one-and-a-half-ton telephone repair truck.

Richard Van Kleeck, 29, of Cragsmoor, driver of the truck, owned by the New York Telephone Company, was admitted to Veterans Memorial Hospital, Ellenville, with lacerations and a possible concussion.

Hospital authorities said this morning that Mr. Van Kleeck had a "good night."

Killed Instantly

Mr. Walker was apparently killed instantly in the collision which occurred at 4:30 p. m. on Route 209 a quarter of a mile south of Accord.

Cpl. Frank Steinkamp and Troopers J. R. Pergolizzi and Patrick Romagnano of the Ellenville state police, who investigated, reported that Mr. Walker, proceeding south in a 1954 sedan, had just passed another car when his vehicle went out of control on a left curve.

Veers Off Post

The sedan went off the right shoulder and struck a guard post with its right rear side, then veered across the highway into the northbound lane where it was in a head-on collision with the truck which was preceeding north, according to troopers.

The car which was passed by Mr. Walker just before his collision with the truck was operated by Kenneth Sharp of Albany, troopers reported.

Awaiting Autopsy

Dr. Charles Rosenstock of Ellenville, investigating coroner, is withholding his verdict pending an autopsy.

Both the car and the telephone truck had to be towed away.

Mr. Walker, who was married to Mrs. Sara Mary Venuto Walker, was born at Hainesville, Ga., Sept. 8, 1903 and prior to removing to Ellenville five years ago, had resided in Poughkeepsie.

He was a member of Local 417 International Association of Bridge, Structural and Ornamental Iron Workers of Newburgh.

The funeral will be held at Lady of Pompei Church, Dobbs Ferry, at a time to be announced.

The body was removed today by H. B. Humiston Funeral Home of Kerhonkson to the Edwards Funeral Home, Ashford avenue, Dobbs Ferry. Burial will be in Sleepy Hollow Cemetery, Tarrytown.

'Blade' Backs Adlai

Toledo, Ohio, Oct. 18 (AP)—The Toledo Blade came out for Adlai E. Stevenson for President. The endorsement was carried in editions that hit the street as the Democratic nominee's special campaign train pulled into town today The newspaper endorsed Eisenhower in 1952. In its editorial, The Blade noted that this is the first time in its 121 years of publication that it has backed a Democrat for President.

Valley May Feel Effects of Storm

New York, Oct. 18 (AP) — A northeaster was expected to hit the metropolitan area today with strong winds, drenching rain and high tides.

The U. S. Weather Bureau forecast winds 20 to 30 miles an hour with gusts of greater velocity for New York city this afternoon and evening. The wind velocity is expected to pick up steadily during the day.

In Albany, the weather bureau said fringes of the storm might touch the Hudson valley. But no rain was expected north or west of Albany.

Any rain that does fall upstate would not be heavy, forecasters said, except possibly in the southeastern Catskills.

The blow is the fringe of an Atlantic coastal storm which was centered over the Virginia capes early today.

Light rain began falling in the metropolitan area before dawn.

The weather bureau forecast that the center of the storm—packing winds of 30 to 40 miles per hour—would pass 75 to 100 miles east of Montauk Point, the eastern tip of Long Island, shortly before midnight.

The storm was expected to continue its northeasterly course at 12 to 15 miles per hour and then veer more to the east, crossing Nantucket island, Mass., by tomorrow morning.

Rains as far as 150 miles inland were predicted. Tides in the metropolitan area were expected to be one to two feet above normal.

Winds of 20 to 30 miles an hour with stronger gusts were predicted for today in the Long Island sound and Montauk point areas.

Storm warning were posted by the coast guard along Long Island and New Jersey shorelines.

The highest temperature today was expected to be in the mid-60s and the lowest tonight in the 50s. Fair weather with the highest temperature in the upper 60s was forecast for tomorrow.

Eisenhower Takes Big Lead in Poll of State

New York, Oct. 18 (AP) — The New York Daily News says President Eisenhower has taken "a commanding lead" over Adlai E. Stevenson in first returns from a straw poll of voters it is taking in New York state.

The News said it expects to obtain expressions of preference from 30,000 persons throughout the state in house-to-house canvassing. With 2,297 such votes tallied so far, it reported these results:

Eisenhower — 59.2 per cent
Stevenson — 40.8 per cent

Ike More Popular

"On this basis," said the newspaper, "Ike is more popular with New Yorkers than he was four years ago when he made his first bid for public office.

"In 1952, the final official tally showed that Eisenhower carried the state with 55.5 per cent of the vote.

The News, which is supporting Eisenhower editorially, said Eisenhower's straw poll showing in most upstate cities is running ahead of the pace of his 1952 voting strength. It added:

"Stevenson is losing ground across the board in his second presidential bid."

18 Bullseyes

Speaking of its previous record on polls, the News said:

"This is our 22nd poll. In the 21 previous ballots we have scored 18 bulleyes, two near misses and one standoff. We defy anyone to better that record."

Concerning results in 1952, when the poll forecast Ike as the winner in New York state, the News noted that "we underestimated his vote by more than 3 percent, though we proved the most accurate of all statewide polls."

Regarding this year's poll, the News said:

"The straws tabulated so far show that Ike is being supported by all economic and racial groups to a greater degree than past GOP candidates, with special emphasis on the negro voters. . .

Gains in Gotham

"Eisenhower actually is making inroads into the Democratic vote in New York city as compared with 1952 (although) so far, the Ike gains are . . . amounting to only slightly more than 2 per cent. . . ."

Upstate, the News said, its secret poll shows "the Eisenhower trend is even more pronounced." It continued:

"Pollsters now have been in nine counties and in virtually every one, Eisenhower is showing spectacular advances over his 1952 run. And these gains are not only in the rural areas where they might be expected . . . but extend even into the cities."

14 Are Burned In Midwest Blast

Kenosha, Wis., Oct. 18 (AP)—Fourteen persons were burned, six seriouly, today in an explosion and fire in the motor testing department at the American Motors Co. automobile assembly plant.

The blast originated in a subsurface pit carrying natural gas and power lines that furnish motive power for the engines being tested on the assembly lines.

It shot searing flames out of metal covers, enveloping the workers who were standing just above. Fire broke out in the pit as gas fumes, oil, sawdust and waste materials ignited. Firemen extinguished the blaze in about half an hour.

American Motors manufactures Nash, Hudson, and Rambler automobiles. The blast and fire occurred in the testing department where some 200 persons are employed, about 50 of them along the conveyor line where the blast occurred.

Sees Need Essential For Nation

His Blasts at Foe Hit New Tempo

Tacoma, Wash., Oct. 18 (AP)—President Eisenhower pledged today to work for a school-building program geared to "this atomic age." He did so after accusing Adlai Stevenson of telling the American people "political fables" in the campaign.

In a speech prepared for delivery at a Citizens for Eisenhower rally at the College of Puget Sound, the President said he would not go into reasons why there was no action on his five-year school program at the last session of the Democratic-controlled 84th Congress. But he promised:

To Call on Congress

"I shall again call upon the Congress to act at the beginning of the next session. I shall support this request with all the force at my command."

The House last July 5 killed a bill that would have authorized $1,600,000,000 in federal aid to the states for school construction. It did so after adopting an amendment that would have denied money to areas which did not comply with the Supreme Court's decision outlawing segregation of Negro and white pupils.

Eisenhower called it essential that America's youth be prepared "to be skilled and accomplished citizens — able to grasp the great levers, turn the giant wheels, of this new atomic age as nature finally surrenders to men so many of its colossal secrets."

The President, in the third day of a west coast vote-seeking tour, spoke here after spending the night in suburban Tacoma.

It was in an address last night in nearby Seattle that Eisenhower charged that Stevenson, the Democratic nominee, has been telling the voters "political fables" instead of dealing with "the world of reality."

Is Wildly Cheered

Wildly cheered by his audience there, Eisenhower blasted harder than ever at his opponent. He stood by his policy of avoiding mention of Stevenson by name, but there was no doubt about the target.

The President referred to his rival at one point as "the opposition candidate," one of his most direct allusions since the start of the campaign.

Defending the record of his own administration on many fronts after saying American workers are "more prosperous and secure than ever in history," Eisenhower went on to accuse the Democrats of resorting to what he termed devices of "the half truth . . . the hit and run statement . . . the big stradle . . . the rubber yardstick."

After the Seattle speech to an overflow audience in the 6,500-seat civic auditorium here, the President and Mrs. Eisenhower motored to nearby Tacoma and spent the night at the home of his brother Edgar. Outside the Seattle hall an additional crowd of about 3,500 in adjacent Memorial Stadium heard Eisenhower over a public address system.

Eisenhower was introduced by Republican Gov. Arthur B. Langlie, who has a hard fight on his hands in running for the U. S. Senate against Democratic Sen. Warren Magnuson. The President put in a strong plug for

WATERFRONT ELECTION—Policemen keep order as longshoremen in New York vote to decide which of two rival unions will represent the Port of New York's 22,000 dockworkers. The contest is between the Independent International Longshoremen's Association, the currently recognized bargaining agent, and the newly-formed AFL-CIO International Brotherhood of Longshoremen. (NEA Telephoto)

ILA'S Victory May Bring Out Bid to Rejoin Union

New York, Oct. 18 (AP)—The International Longshoremen's Assn. (ILA), 64-year-old orphan of organized labor, has scored a ballot box victory to retain its right to represent the 22,000 waterfront workers in the port of New York.

The National Labor Relations Board announced today that longshoremen and other dock workers had voted 11,827 to 7,428 in favor of the ILA against the AFL-CIO International Brotherhood of Longshoremen (IBL).

This is the third time in three years that the ILA has beaten challenges by the IBL, set up by the AFL as a rival after the AFL ousted the ILA on charges of failing to rid itself of racket and crime elements. That was before the merger of the AFL and CIO.

The ILA victories in the two previous elections were by slim margins.

The ILA's counsel said the new victory should lead the AFL-CIO to "welcome back" the ousted union.

Results of the election, held at six polling places in New York city and on the Northern New Jersey side of the port, were announced at 12:55 a. m.—About six hours after the polls closed.

In addition to the ILA-IBL tally, the NLRB reported 1,107 ballots challenged and to be adjudicated; 143 votes for no union, and 92 ballots declared void.

The orderly conduct of the election won praise from officials of the police department and the Waterfront Commission of New York Harbor, a New York State-

PSC Rules Central Must Continue Bulk of Service

Albany, Oct. 18 (AP)—The Public Service Commission ruled today, 4-1, that the New York Central Railroad must continue the bulk of its passenger service to northern New York.

The commission held, however, that the railroad may discontinue six little-used trains.

The Central had proposed, "As an economy move," dropping 11 north-country passenger trains. The plan would have ended all service into Ogdensburg and direct service between Utica and Watertown.

The PSC did not act on a Central plan to increase service between Massena and Syracuse, saying the matter was outside the scope of the investigation. The commission added that the railroad "may and should properly put in operation any additional trains . . . for which it believes there is a public need.

May Discontinue These

The Central was allowed to discontinue:

Trains 98 and 99 operated between Ogdensburg and Dekalb Junction — to be replaced with limousine service to connect with St. Lawrence Division trains at Canton.

Train 70, which operates between Philadelphia, Watertown, Richland, Rome and Utica.

Train 71, which operates between Utica, Rome, Richland, Watertown, Philadelphia and Massena.

Trains WU 64 and UW 65, unscheduled milk and freight trains that carry a passenger car.

In a dissenting opinion, Commissioner Spencer B. Eddy recommended discontinuance of only the last two.

Service Criticized

Eddy declared that there was "abundant proof" that the Central "has not furnished the type of service that would attract rather than repel passenger business.

"A railroad should not be permitted to abandon service where the loss arises from its own lack of enterprise," Eddy said.

The commission held hearings in Ogdensburg, Watertown, Lowville and Syracuse on the railroad's proposal. The Central contended that the 1955 operating loss on the 11 trains totaled $348,959.

Chairman Benjamin F. Feinberg said there had been no opposition to discontinuance of Trains 99, 70 and 71.

He said he concluded that "there is no apparent need for the continuance of these trains." Citing the loss from their operation, he said "to impose a needless expenditure of $129,278 and more on the railroad company is contrary to public interest."

Ex-Rail Head Denies Anti-Truck Actions

Philadelphia, Oct. 18 (AP)—Martin Clement, former president of the Pennsylvania Railroad, has testified that PRR officials have never engaged in "anti-truck activities."

His testimony, in which he described himself as "probably the best friend trucks ever had" came in U. S. District Court yesterday where anti-trust suits between trucking interests and eastern railroads totalling 370 million dollars are being heard.

Clement, who headed the country's biggest railroad for 13 years until 1949, said: "I do not object to trucks. I never have. I have probably been the best friend trucks ever had."

Given Franklin Medal

Philadelphia, Oct. 18 (AP)—Air Commodore Sir Frank Whittle, English aeronautical engineer, was awarded the Franklin Medal, highest honor of the Franklin Institute last night, for his pioneer work in developing aircraft engines and high-speed flight. S. Wyman Rolph, president of the institute, made the presentation to Whittle, a mechanical engineering specialist with the Royal Dutch Shell group.

Raid Uncovers Stolen Shirts

Green Island, N. Y., Oct. 18 (AP)—State police say that a gambling raid here yesterday uncovered traffic in stolen shirts.

John J. Jakuback, 38, of Troy, pleads to a charge of grand larceny in connection with the theft of the shirts from the Cluett-Peabody Co. plant in Troy, where he has been employed.

George Rysedorph, 45, of Green Island, pleaded innocent yesterday to a charge of receiving the stolen shirts. Police said Jakuback sold them to Rysedorph for further sale. They said they found $600 worth of men's nylon shirts.

A Cluett-Peabody spokesman said the thefts apparently had been going on for some time and the number of shirts missing could not be determined immediately.

Rysedorph and his wife, Mildred, 41, pleaded guilty before Peace Justice Francis Burke yesterday to charges of keeping a gambling establishment and possession of policy and bookmaking slips. They were fined a total $600 each.

State police said Mrs. Rysedorph was arrested in the rear of a cleaning establishment and her husband in their nearby home.

Counsel Will Prove Testimony 'Lies'

Philadelphia, Oct. 18 (AP)—Counsel for Frank Ellsworth says he will show that two of the state's key witnesses in Ellsworth's trial for the murder of Mrs. Lulubel Rossman gave testimony that could not be relied upon.

Attorney Paul Yermish made his statement yesterday after the defense rested its case against Ellsworth, 36, of Tampa, Fla., and Omaha, Neb.

Yermish said that the state's final witness, Edward C. Nixon, a Georgia convict, is "a liar" and that Dr. Frank Glauser, a pathologist attached to the city medical examiner's office "is not a pathologist as he acknowledges."

Nixon, taken ill on the stand yesterday, testified that while he was in a jail cell in Las Vegas, Nev., with Raymond P. Wilson in July, 1955, Wilson told of robbing Mrs. Rossman with the aid of Ellsworth. Nixon quoted Wilson, convicted earlier this year and sentenced to life imprisonment, as saying Ellsworth killed Mrs. Rossman and that the two took $300,000 from her.

Rotary Ladies' Day Speaker

DR. SAMUEL J. WARNER

Dr. Samuel J. Warner, psychologist and author, will speak at Kingston Rotary Ladies' Day on October 31st.

Dr. Warner, a consulting psychologist whose office is located in New York city, is a member of the American Psychological Association, the New York State Psychological Association, the New York Society of Clinical Psychologists, the Society for Projective Techniques, and the American Group Psychotherapy Association. He was awarded his undergraduate degree by the College of the City of New York, the Master of Arts degree by Columbia University, and the Doctor of Philosophy degree by the University of Chicago.

Early in his career, Dr. Warner was a clinical psychologist for the United States Army, and later served in the same capacity for the Veterans Administration. During a period extending over more than 10 years, he has worked with and studied people experiencing problems in personality adjustment, and has published a number of professional papers on derived experimental and clinical findings.

For the past five years, Dr. Warner has turned his attention increasingly to the problems people meet when they endeavor to relate to others in cooperation and love. He has contributed several papers to professional journals dealing with such problems in interpersonal relations. He is the author of a book entitled "The Urge to Mass Destruction," scheduled for publication this fall, which offers a psychological analysis of the crucial need for love in our time, for the prevention of individual and collective self-destruction.

EVERYBODY PROSPERED

Figures show that the Eisenhower Administration has persistently and effectively furthered the interests of workers, consumers, families.

When the Eisenhower Administration reduced federal income taxes in 1954, 37 per cent of the personal income tax cut went to individuals receiving less than $5,000 annually—the same people who were paying 33 per cent of such taxes under Truman. In addition, a $1 billion reduction in excise taxes directly benefited consumers.

Every employed person in 1955 had $394 more to spend than in any year under the Democrats. Consumer spending was $41 billion higher than in 1952.

The entire income structure moved upward. Forty-five per cent of all families received before-tax incomes of over $5,000 in 1955. But an average of less than 20 per cent of families and households reported incomes $5,000 or better in the last five years of the previous administration.

Labor received an average of 69 per cent of the nation's income during the three Ike years, compared with an average of 65 per cent in the last three Truman years. And since we are talking of shares, labor's share of personal income today is the highest achieved — averaging more than 75 per cent under Eisenhower, less than 72 per cent under Truman.

Corporation profits after taxes are high, but not so high as the peak of $22.1 billion under Truman. They averaged only 6 per cent of the national income under the Eisenhower Administration, compared to 7.7 per cent under Truman.

Earnings after taxes of small corporations increased about twice as much from 1954 to 1955 as those of the larger concerns.

There has been a 1,000 per cent increase in the maximum fine for Sherman Anti-Trust Act violation. The basic criminal penalty is now $50,000. Further, in the 65 years since the passage of the Sherman Act, one-third of all the contempt proceedings brought about in the enforcement of the act occurred in the first three years of this administration.

POLITICIANS ALL

One of the most unfortunate ideas ever to gain popular acceptance is the notion that politics is necessarily a dirty business engaged in by men who are not to be trusted. This concept is happily on the wane, but it still needs to be given a final kick or two.

To this end, we quote some pertinent words once expressed by Elihu Root, who was secretary of war under Presidents McKinley and Theodore Roosevelt: "Politics is the practical exercise of the art of self-government, and somebody must attend to it if we are to have self-government. . ." This eminent jurist was in no doubt as to who "must attend to it." He declared firmly, "The principal ground of reproach against any American citizen should be that he is not a politician."

In other words, all of us ought to be politicians. In an election year, much depends on how well we exercise that function.

FORTY-MILE LIMIT

Out in Kansas, the highway people are putting a new twist on the business of speed limits. There is to be no maximum limit on the new Kansas Turnpike opening October 25, though a driver who hits 80 may be flagged down for a cautionary word. But there is a minimum.

If a man zooms along at, say, 75, he'll presumably get nothing but friendly waves from the cops. But woe betide the laggard who gets to ogling at a passing wheat field and slows down to 40.

This kind of behavior will bring down the wrath of the law upon his head. We can imagine the scene: The cop pulls up alongside the offender and injuries, with elaborate sarcasm, "Where d'ya think yer goin'—to a funeral?"

'These Days'

By GEORGE SOKOLSKY

OBITER DICTA

Mrs. Eleanor Roosevelt ought to know the quilifications of a President, she having been an inhabitant of the White House for 12 years, more or less. So Mrs. May Craig, on "Meet the Press," asked Mrs. Roosevelt this question

"Mrs. Roosevelt, before the nominations former President Truman said that we could not risk a period of trial and error by Mr. Stevenson in the white House in the international situation. Don't you really regard Pres. Eisenhower as better qualified to handle the Suez Canal and the Mediterranean?"

It is a good question because after all President Eisenhower has been President of the United States for nearly four years and Adlai Stevenson has not been President at all. Also, before he came to the White House, General Eisenhower was at the head of NATO, and he had been Commander of the Allied troops in World War II and later Chief of Staff. He may not, in Mrs. Roosevelt's estimation, be the brightest man that ever held the Presidency; she would be forgiven if she thought her late husband was. But Eisenhower has had considerable experience and responsibility with such questions as May Craig raised and Stevenson has had no responsibility and only a peripheral experience with them.

To Mrs. Craig's question, Mrs. Roosevelt replied:

". . . I feel that President Eisenhower gained his knowledge of foreign affairs as a general in the European theatre. He was a general carrying out the policies that were made by other people and when you are doing that you learn to be skillful in carrying out those policies. You do learn a great deal but I do not think it is the same thing as having to think out policies for yourself, and my experience is that Mr. Stevenson has taken a great deal of trouble to inform himself on the background of Asia and Africa, with which this question is closely tied. . . ."

This is a shocking statement because it makes no sense. One does not have to like President Eisenhower. Stevenscn took what amounted to a tourist's trip through Asia which is meaningless, particularly if one does not know any Asiatic language; Eisenhower on the contrary, was stationed in the Philippines alongside our greatest authority on Asia, General Douglas MacArthur, for seven years.

If Eisenhower is so unintelligent as to be able only to carry out policies made for him by other people, why did President Roosevelt appoint him commander of the troops in Europe in World War II? Are we to believe that President Roosevelt entrusted the lives of our sons and the destiny of our nation to a man who, having by then spent 27 years in the service of his country, is incapable of thinking? If so, President Franklin D. Roosevelt was guilty of perpetrating a shameful hoax on the world and stands convicted on the testimony of his widow.

Mrs. Roosevelt made the point, in this interview, that Adlai Stevenson thinks things out but that President Eisenhower and his associates do not think things out. Then why did not President appoint Adlai Stevenson to a high position in his administration? These are the positions Stevenson held in the Roosevelt Administration: Special counsel AAA, Washington, 1933-34; assistant to Secretary of the Navy, Washington, 1941-44; chief Economic Mission to Italy, 1943; War Department Mission to Europe, 1944. They were all on a secondary level. But Roosevelt appointed Eisenhower to command of our troops in Europe over the heads of a host of more senior officers. Did Roosevelt appoint a man to such an important post who could not think things out?

Mrs. Roosevelt here is obviously guilty of unreasoned partisanship. Mrs. Roosevelt does not really support the candidacy of Stevenson by such illogical statements. Harry Truman was correct when he objected to Stevenson as "a trial and error" President which is exactly what, under our system, most new Presidents must be.

Under the European ministerial system, a man can get his experience in a lower office before he moves up to the summit. Here, it is not arranged that way. Here most of our Presidents, when elected to their first term, lack close experience with the problems they immediately face and they have a hard time adjusting their minds to this difficult office. Surely Harry Truman's testimony on this subject, in his autobiography, is worth re-reading.

That Body of Yours

By JAMES W. BARTON, M.D.

THE OVARIES

The ovaries are the female sex glands and they exert a tremendous influence over the life of a woman from the beginning of puberty to the end of the change of life. The ovaries are very small, almond-shaped glands measuring about one and one-half inches long, one inch wide and about one-half inch thick. They lie against the side walls of the pelvis close to the open end of the Fallopian tubes which connect directly with the uterus (womb). They have two main jobs:

1. The production throughout the reproductive stage of life of a mature egg (ovum) each month, except during pregnancy. In each ovary there are thousands of small eggs in varying stages of development. Each month one of the eggs matures and is discharged through the surface close to the open end of the Fallopian tube. This process is called ovulation. If the egg is fertilized by a sperm as it passes down the tube to the uterus, pregnancy begins and the ovary abruptly stops its monthly production of a mature egg. If fertilization does not occur, ovulation is followed in 13 to 15 days by menstruation.

2. The ovaries also produce two essential female sex hormones (estrogen and progesterone) which are secreted directly into the blood stream. They regulate ovulation and menstruation. They are also responsible for the many female sex characteristics such as breast development and the feminine figure and speaking voice.

Both these ovarian functions are closely related and dependent upon one another and both are under the influence of the pituitary gland at the base of the brain which acts as the regulator. Only one normal ovary is necessary to carry on all functions—menstruation, ovulation, secretion of the hormones and the ability to become pregnant are not influenced in the slightest by the removal of an ovary provided the remaining one is normal.

What are some of the conditions which may affect the ovaries and require their removal?

1. Inflammation—since the use of penicillin and other antibiotics inflammatory conditions of the ovary come to surgery much less often. The most frequent cause of inflammation is gonorrhoea although other bacteria can invade the tubes and ovaries.

2. Sometimes an abscess within the Fallopian tubes is accompanied by an ovarian abscess and if such conditions are present on both sides, the ovaries, tubes, and possibly the uterus as well may have to be removed.

3. Tuberculosis of the ovary used to be seen quite often in former years but are not now common with better hygienic standards and improved medical care. The treatment in most cases is medical but when a large ovarian mass is felt, operation is performed. This may include not only the ovary but all the pelvic organs as a precautionary measure.

Tomorrow we will go on to ovarian cysts which are extremely common and are treated in various manners according to their type.

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington—(NEA) — Democratic replies to Republican charges that Gov. Adlai Stevenson has been made a millionaire in the Eisenhower stock market boom boil down to this: Eisenhower is one, too.

The President's personal financial position is a little more difficult to estimate than Stevenson's. Shortly after his election to the presidency in 1952, Eisenhower put nearly all of his money into an irrevocable trust fund.

This trust is administered by a bank, which has not been identified. It is not true, as has been reported, that the President's investments are handled by millionaire cronies, who see to it that he gets only blue chip earning, and no losses.

The President's reason for setting up his trust was that he wanted to divest himself completely of personal interests in all private companies. Thus he would not be influenced in favor of any in which he held stock while he was in the White House.

The impression was given in a statement attributed to Rep. Frank T. Bow (R-O.) that the President receives regular reports on his gains or losses, but that he is given no details of the stock transactions in his name.

Even this is now denied.

The President is said to receive only one figure a month. This is the amount of dividends credited to his account from trust fund earnings.

LIKE ANY other American citizen, the President is free to spend this money, sink it into his farm, give it to his wife or have it reinvested in his trust.

The President's lack of knowledge of his holdings may, however, be slightly exaggerated. At his Gettysburg farm one day he was handed a bottle of Pepsi Cola. The President said, no, he didn't want that. He preferred Coca-Cola because he owned some of its stock.

When General Eisenhower made public his financial statement in 1952, his net capital was put at $562,000. This came from the sale of all rights on his book, "Crusade in Europe," for a gross price of $750,000. On this he paid a capital gains tax of 25 per cent, or $187,500.

If this $562,000, put in his trust fund, pays him a four per cent income, he gets $22,500 from it. If the trust pays six per cent, he would get $33,720.

THESE FIGURES do not take into consideration appreciation in the value of his holdings due to the stock market rise of the last four years.

If the same 70 per cent rise in the Dow Jones or New York Times composite stock price averages is applied to Eisenhower's capital as was applied to Stevenson's capital in the previous article, then the President's $562,000 would be $955,000 today. This is pretty close to the millionaire mark. If the President's holdings have doubled in value, then he is well over the million dollar figure.

And the two candidates would be of about equal wealth.

This leaves out of consideration President Eisenhower's farm near Gettysburg, Pa. Stevenson has a farm, too, near Libertyville, Ill. Neither one seems to be doing very well as a farmer.

The President's original parcel of about 190 acres cost around $25,000. He put additional money into remodeling the house. Land values in the area immediately skyrocketed. The President bought some additional acreage, to protect his holding.

It has been estimated that the President has upwards of $250,000 invested in Gettysburg, but it can be authoritatively stated this is gross exaggeration. It could be only half this sum.

MUCH OF THE acreage supposedly bought by the President was actually purchased by his neighbors, including Brig. Gen. Nevins, the Eisenhower farm manager, and the land is held in his name.

The President could have dipped into his "Crusade in Europe" capital to buy the farm. Or he could have paid for it out of earnings and capital gains from his trust.

The President's $100,000 salary plus $50,000 of his White House living expense money is now all taxable. His net, after taxes, would be a little over $100,000. He gets another $40,000 expense money which is tax free.

In the first two years of President Eisenhower's administration he revealed that it was hard to live within his income. He did considerable entertaining then, at a series of private dinners and breakfasts for all members of Congress. Since his illness, the amount of his entertainment has been cut down.

Mr. Eisenhower had to give up his nearly $20,000 in pay and allowances as a five-star general when he resigned from the Army to run for the presidency.

Kefauver Speech Is Called 'Most Shocking' in Years

By DAVID LAWRENCE

Washington, Oct. 18—Senator Kefauver, Democratic party nominee for the Vice-Presidency, made on television Tuesday night the most shocking speech any man in public life has made in many decades—either within or without a political campaign.

Not since the days of Sen. Tom Heflin of Alabama, Democrat, perhaps the worst demagogue in the Senate, has anything so obviously unfair and in such bad taste—and in utter disregard of the rights of innocent persons—been presented to a public audience.

Sen Kefauver, who spoke under the auspices of the Stevenson-Kefauver campaign committee, quoted Gen. Eisenhower as having said in the 1952 campaign "throw out the crooks and cronies." He then pointed to a film of Mr. Eisenhower making a promise to clean up the government and "bring integrity and thrift back to Washington." Gen. Eisenhower, however, mentioned no names.

Since 1952, however, the chief of the Internal Revenue Service under the Truman administration and a deputy commissioner and the heads of two district Offices of the Internal Revenue have gone to jail for accepting bribes or for cheating on their income taxes. Two Truman appointees—one of them the head of tax prosecutions in the Department of Justice—have been convicted of conspiracy to defraud the government. This is indeed "corruption."

Yet, immediately after referring to Mr. Eisenhower's 1952 speech, in which he had not assailed any man's reputation, Sen. Kefauver said this:

"Under the Eisenhower-Nixon administration, more heads of government agencies have been involved in corruption than under any administration since the Republican administration of Gen. U. S. Grant.

Had the Tennessee Senator stopped there, it would have been regarded as the usual exaggeration of a political speaker on the stump. But he didn't. He went on to show pictures of several public officials and named them one by one—just after he had made a blanket charge against them of involvement in corruption.

Defines "Corruption"

Now, the word "corruption" in the dictionary on this correspondent's desk is defined as "bribery" and "dishonesty" and anyone who is "corrupt" is defined as having been "influenced by bribes" and as being "dishonest."

After saying that the heads of government agencies in the Eisenhower administration were "involved in corruption," Sen. Kefauver specifically showed the pictures of Harold Talbott, former Secretary of the United States Air Force; Edward Mancure of the General Services Administration, and Peter Strobel, Public Buildings Administrator. Then Mr. Kefauver went on to say:

"But these were not the big-time operators. Let me show you one of the most rotten deals in all American history — the Dixon-Yates deal. Here was an attempt by big business men, in and out of government, to milk an entire region of our nation. Here are some of the people involved."

Showed Photographs

Then Sen. Kefauver pointed on the screen to the pictures of Adolphe Wenzell and George Woods—neither of whom was a government official—and to Joseph Dodge, former Director of the Budget; Sherman Adams, who is executive assistant to President Eisenhower, and finally to Attorney General Brownell. He then referred to the entire group as "these scoundrels."

Not one of these men whose pictures were shown — starting with Harold Talbott — violated any laws or has ever been indicted by any jury or brought into court. Certainly if they were personally "involved in corruption," there has been no evidence brought forth to sustain the charge which so many listeners heard, and millions of them probably believed they were looking at a gallery of "crooks."

The individual rights of innocent citizens are not dormant or lost to them just because the injury to their reputations is inflicted during a political campaign. Senators enjoy no legal immunity for speeches delivered off the floor of Congress.

Presented Film Clip

Sen. Kefauver also presented a film of Gen. Eisenhower speaking in 1952 and promising tax reduction, if elected. Then immediately the Tennessee Senator showed a film of a 1956 press conference in which the President was saying he saw "so far, no logical reason for reducing taxes." But Mr. Eisenhower was talking about the 1956 session of Congress then going on, and taxes had already been reduced by his administration. Mr. Kefauver used the film of the 1956 Eisenhower press conference to emphasize the theme of "broken promises." The listener and viewer was left with the impression that the President as late as 1956 had broken his 1952 pledge.

A few seconds later Mr. Kefauver, on the other hand, did refer to a tax reduction by the present administration "as the most unfair in the history of our nation." He told his listeners it was discriminatory and that a citizen who earned $5,000 in wages had to pay $420 taxes, whereas an investor with a $5,000 income paid only $200. The Senator failed to enlighten the audience on the fact that the investor had already seen 52 per cent of his rightful earnings taxed away by the Federal government before he received the dividend income on which he himself also pays taxes. And, besides, Mr. Kefauver's figures were wrong. The man with the dividend income would pay $322 in taxes—not $200.

Cites Civil Rights

The argument about taxes is a normal type of political bunkum, but the naming of individuals "involved in corruption" and flashing their pictures on the screen is something far more extreme. It is dangerous to the civil rights of individuals.

A composite picture used in a pamphlet in the Maryland Senatorial campaign in 1950 drew fire from so-called "liberals," and it will be interesting now to see how they react to the adroit use of the "guilt by association" technique with pictures on the television screen pointing the finger of suspicion to officials who have violated no law. Sen. McCarthy in his most overzealous moments and Vice-President Nixon in his most vehement and hard-hitting campaign speeches of 1954 never perpetrated anything like the speech delivered by Sen. Kefauver on a nation-wide television network this week.

Businessmen Keep Eye On Corporate Profits

By SAM DAWSON

New York, Oct. 18 (AP)—Businessmen—not to mention stock market traders—are keeping an eagle eye today on the course of corporate profits.

The third quarter tallies are now starting to pour in. So far they are averaging out just about neck and neck with the returns for the July, August and September period of 1955.

The days when they consistenly climbed higher with each reporting period appear to have ended—at least for a time.

Prices React Quickly

The price of the individual stocks has reacted quickly to the profit statements of leading corporations. In a market as hesitant as the present one the trend of profits carries even more weight than usual in making up a trader's mind on whether to sell or buy.

So far 87 corporations have reported on their net profits after taxes this summer. Some of them have fiscal years varying from the calendar one and their third quarter ended in August instead of on September 30 as the majority of corporate books do.

About two out of every five of the corporations—35 out of the 87—report profits this summer trailing last year's third quarter. And eight of them operated at a loss.

Combined the 87 companies show three-month profits of $292,891,250. This is 0.6 per cent below the combined profits of the same 87 in the third quarter of 1955 when they totalled $395,495,783.

Picture is Spotty

The picture is unusually spotty this time. Some companies are reporting increases both in sales and in profits. Other show sales totals still climbing but net earnings falling under the pressure of rising operational costs that haven't been offset by higher product prices.

And a few—example: Some in the textile industry — report shrinking profits or even net losses, reflection of the failure of their lines to share in the general good times.

The tendency for profits to shrink although industrial production and national income is still rising is shown more clearly when you compare the third quarter results with those of earlier in the year.

In the first three months of 1956 profit gains over 1955 averaged around 12 per cent. In the April, May and June period the gain over the previous period was shrinking almost to the vanishing point, although figures for the first six months—thanks to the first quarter gains—still held 5.5 per cent above the previous year.

The U. S. Department of Commerce reports that before-tax profits of the nation's corporations in the first three months of this year ran at an annual rate of 43.7 billion dollars. In the second quarter of the year they shank to an annual rate of 42.9 billion, although still topping by 4.3 per cent the 1955 figure of 41.1 billion.

The department's report on the third quarter won't be along until the end of the year.

Two Will Get Blame

Businessmen — and stock traders — therefore will watch closely the next few weeks as the great flood of third quarter statements flows in. The steel strike and the dip in auto production will get the blame for much of the poorer showing this summer. But higher operating costs, meaning shrinking profit margins, will hold over in many cases into the final three months when business generally is expected to boom.

The golden days when every advance in sales totals seemed automatically to boost net profit after taxes may have disappeared under the recent rise in material and labor costs.

More and more companies may find that these have inflated their operating costs more than a rise in product prices can offset in a competitive market.

So They Say..

If we choose the price-fixing route to prosperity, we will end up with socialized agriculture.
—Charles B. Shuman, president American Farm Bureau Federation.

* * *

I feel as though I were trying to use up a whole month's commutation ticket before sundown.
—Adlai Stevenson near close of a hectic New Jersey tour.

* * *

I am silent and I shall remain silent.
—Former Adm Karl Doenitz, Hitler's successor, on his release from prison.

Apples Turn Into Witches Through Halloween Magic

DELICIOUS in both name and taste, these apple witches first amuse and then satisfy holiday appetites.

By GAYNOR MADDOX
NEEA Food and Markets Editor

In Haverford, Pennsylvania, Steven Muller, a youthful professor of political science, and his spirited young wife are both interested in good food and the presidential campaign. Active in National Volunteers for Stevenson and Kefauver, they often ask other independent voters in for supper.

They like to sink their teeth into bright red apples and the issues. Margie always has a supply of both on hand. She gave us two recipes, one for Halloween to win the children's vote, the other to woo their young parents.

Halloween Apple Witches

Twelve to 15 large red Delicious apples, ¼ cup butter or margarine, ½ pound marshmallows, 5 cups crisp rice cereal, marshmallows for witches' faces.

Wash and polish apples. Melt margarine or butter in large saucepan. Add marshmallows. Cook over low heat, stirring constantly until melted and mixture is smooth. Remove from heat. Add rice cereal. Stir until well mixed and cereal is coated with marshmallow.

With buttered or moistened hands, form about half of mixture into cones for tall crown of the witches' hats. Form the rest into flat discs for the brims. Assemble the hats and place on apples at whatever angle you like. Snip marshmallows with wet scissors into pieces for eyes, a long hooked nose and mouth. The cut sides will stick to the apples.

Apple Coconut Crisp (Serves 5-6)

Five apples, 1 tablespoon lemon juice, ½ cup brown sugar, ½ teaspoon cinnamon, ¼ cup butter or margarine, ¾ cup flour, ½ cup shredded coconut.

Pare, core and slice apples. Place in layers in a greased 1-inch round baking dish. Sprinkle with lemon juice, ¼ cup brown sugar and cinnamon. Combine remaining brown sugar, butter or margarine, flour and coconut. Work together until crumbly. Sprinkle over apples. Bake in moderate oven (350 degrees F.) about 30 minutes or until apples are tender and top is golden tan. Serve warm with cream or ice cream.

TOMORROW'S DINNER: Casserole of tuna and olives, steamed rice, buttered blue lake green beans, crusty bread or rolls, mixed green salad, apple coconut crisp with ice cream topping, coffee, tea, milk.

Czerwinski Heads Republicans In Town of Hurley

Edmund Czerwinski was elected president of the Town of Hurley Republican Club at a meeting Monday night in the Hurley Firehouse.

Other officers:

Francis X. Tucker, first vice-president; Stanton Warren, second vice-president; Ronald Gray, third vice-president; Kenneth Hopper, treasurer; Sally Schmidt, recording secretary, and Marge Miller, corresponding secretary.

A number of committees were also appointed at the meeting which was well attended by Republicans of the township.

At an earlier meeting of the newly formed club the by-laws were adopted.

To Support Candidates

The avowed purpose of the organization is to support Republican candidates in the forthcoming election and to acquaint town residents with problems of local government, it was reported. The club will ask town officials to appear from time to time at its meetings and discuss problems in connection with town government.

Next Meeting Date

The next regular meeting of the club will be held on the third Tuesday in November.

Because of the November election there will be a special meeting of the club at the West Hurley Firehouse at a time to be announced. It is hoped to be able to present local candidates at such a meeting.

No Smoking Enforced

Mexico City (AP)—Manuel Salazar Rendon lost his life because he didn't smoke. He was approached by a group of toughs who asked for cigarettes. Salazar Rendon explained he didn't smoke. Infuriated, one of the men stabbed him to death.

Weekly Food Review

(By The Associated Press)

Meat counters in the nation's supermarkets and neighborhood grocery stores will have a familiar look to shoppers this weekend, with chickens once again the featured item.

Government experts have been saying for some time chickens would be plentiful this fall. The bountiful supply is, of course, the reason prices for fowl are down in most places.

Other Good Specials

For those shoppers who feel their families want something else, lamb, pork and round steak also are on the special lists in some areas. Lamb prices generally are down, as much as 10 cents, while pork is prominently displayed even though it's gone up a cent or two in a few places.

Sirloin and porterhouse steaks are lower in price and placed higher in the advertisements for some stores, possibly heralding a slight cut in beef prices generally in the next week or so.

Department of Agriculture men have been expecting that relatively less of this fall's beef will be of top grade, with a much larger proportion of intermediate and lower grades.

The vegetable counters of most stores will look about the same as last week, too, with all types of cabbages, potatoes and onions rated the outstanding buys.

Potatoes Still Down

Potatoes are expected to be cheap for several months, since the crop of fall potatoes—principal source of supply through fall and winter—is expected to be 5 per cent larger than last year's.

Good buys also may be had in celery, endive, radishes, some peppers and squash. The fall varieties of squash, such as acorn and butternut, are starting to come to the markets now, and the yellow and green squashes still are plentiful from southern fields.

Carrots are reported still somewhat scarce, and therefore higher priced, while moderate prices are displayed generally for snap beans, cauliflower, corn, eggplant and tomatoes.

Grapes Featured

Apples and limes are the most attractively priced types of friut, although Concord and Tokay grapes also are featured in some sections.

Cantaloupes and honeydew melons have graduated to the luxury class just about everywhere, and prunes also are reported getting to be more expensive.

Some oranges and grapefruit are trickling into the markets, but produce men say it will be another month or so before they reach the popular price class.

New plantations in Brazil are being planted with rubber trees brought from Liberia, West Africa.

Local Death Record

Miss Eula A. Hubbs

Miss Eula A. Hubbs, 87, of 69 Liberty street, died after a long illness, Sunday in Middletown. Miss Hubbs was born in Ellenville in 1869. She was the daughter of the late Ameziah and Susan Hubbs and was the last of five daughters. Before her illness, the late Eula Hubbs was an active and devoted member of the Franklin Street AME Zion Church and was an honorary member of the Daughters of the Salome Unity Temple, No. 617 of IBPOEW. Miss Hubbs is survived by two nieces and a nephew, Mrs. John Taylor of New York city, Mrs. Clara Gavin and George W. Johnson, Jr. of Kingston. Friends may call at the W. N. Conner Funeral Home, Inc. today from 7 to 9 p. m. where funeral will be held Friday at 10 a. m. Burial will be in Mt. Zion Cemetery.

Mrs. Mary A. Penny

Mrs. Mary Andradez Penny, 50, formerly of New Paltz, died in Brooklyn Monday. She was the daughter of the late Mr. and Mrs. Antonio Andradez of New Paltz. Surviving are her husband, Samuel Penny of Brooklyn; three daughters, Mrs. Alfred Dezner, Mrs. Gerald Gorman and Mrs. Frank Parasmo, all of Brooklyn; two sisters, Mrs. Frank Ruiz Sr. and Mrs. Joseph Arias, both of New Paltz; a brother, Anthony Andradez of New Paltz; a half-sister, Mrs. Gregory Gonzales and a half-brother, Dominic Suarez, both of Brooklyn. Funeral services will be held Saturday at 10 a. m. from Pine Funeral Home, New Paltz. Burial will be in New Paltz Rural Cemetery. Friends may call at the funeral home Friday evening.

Zephaniah Townsend

Zephaniash Townsend, 89, of New Paltz, died Wednesday evening in Ulster County Infirmary, New Paltz following a long illness. He was born in Grahamsville, the son of the late Edward and Maryann Krum Townsend. Mr. Townsend has lived in New Paltz for many years and was a retired carpenter. Surviving are two sons, David of Walden and Arthur of Middletown; a sister, Mrs. Lulu Sharpe of Windsor; also eight grandchildren and five great grandchildren. Funeral services will be held Saturday at 2 p. m. from Pine Funeral Home, New Paltz with the Rev. Willett Porter of New Paltz Methodist Church officiating. Burial will be in Bruynswick Cemetery, Shawangunk. Friends may call at the funeral home Friday afternoon and evening.

Robert Marvin Campbell Sr.

Funeral services for Robert Marvin Campbell Sr., 46, of Ulster Park, who died Monday, were held at Evangelical Lutheran Church of the Redeemer Wednesday at 8 p. m. The Rev. David C. Gaise officiated. Mrs. Lester Decker, organist, accompanied soloist John Kotck who sang The Lord's Prayer. Services were largely attended with groups representing Electrol and IBM. While the body reposed at the Sweet and Keyser Funeral Home, 167 Tremper avenue, many friends and floral tributes were received attesting the esteem in which the deceased was held. Tuesday evening members of Local 1562 IAM, of which Mr. Campbell was a trustee, called at the funeral home and were led in their ritualistic services by President Michael Perry and Chaplain William Crosby. Honorary bearers were composed of the troop committee and Boy Scout of Troop 9. Bearers were John Kelse, Cecil Haines, Raymond Herrick and Robert Marnell, all fellow employes of Electrol. Cremation took place this morning at the Gardiner Earl Memorial in Troy.

Walter Lovelace

Walter Lovelace, 92, of 68 Millers Lane, died at Kingston Hospital Wednesday following a brief illness. Until four months ago Mr. Lovelace had made his home in Washington, D. C. with his daughter, Mrs. Helen L. Strange, since 1949. Prior to that time however, he had been a resident of this city. His wife, the late Mary Keller Lovelace, died in 1949. Mr. Lovelace had been a supervising engineer in the textile industry for many years but had retired some time ago. He is survived by one daughter, Mrs. Helen L. Strange of this city, and formerly of Washington, D. C.; a sister, Mrs. John Baxter of Swansea, Mass.; several nephews and one niece. The funeral will be held at Jenson and Deegan Funeral Home, 15 Downs street, Saturday at 2 p. m., where the Rev. Clyde H. Snell PhD., pastor of Clinton Avenue Methodist Church, will officiate. Burial will be in Wiltwyck Cemetery. Friends may call at the funeral home any time.

Skis in the Sky

Washington (AP)—A major aircraft company is equipping its giant patrol bombers for duty in the Antarctic with the largest skis ever ordered for jet-powered aircraft. Measuring 5 feet wide and 16 feet long and made of composite aluminum alloy and steel, the skis will be attached to the two-wheel main landing gear. Planes, official publication of the Aircraft Industries Assn., says a smaller ski will be mounted on the plane's nose landing gear. And to play it safe, provisions are being made for the wheels to remain stationary while the skis can move up or down—thereby permitting landings on either skis or wheels.

When you are preparing a lattice-top pie, be sure to fold the bottom crust up over the pastry strips for a neat finish.

Memoriam

In loving memory of my dear mother, Jennie E. Tuthill, who passed away Oct. 18, 1931.

Eternal rest give unto her
Who left us, dear Jesus, that day
May she forever be with you
In heaven above, we pray.
Daughter,
JENNIE MAY

Memoriam

In loving memory of my dear wife and our mother, Elna Love who passed away nine years ago today October 18, 1947.

Time goes on with many changes
Joys and sorrow, smiles and tears
But your memory grows dearer
An never leaves us,
With the passing of the years.

ATOM-AGE MUMBLEDY-PEG — Diagramed above is a previously secret "over-the-shoulder" method of low altitude pinpoint bombing employed by the Air Force. It was demonstrated by the USAF World Wide Weapons Meet at Las Vegas, Nev., with Republic F-84 Thunderstreaks. Plane, at left, flashes across the target—a railroad marshalling yard, pulls up in a loop and, still climbing, tosses bomb at target which is now behind the plane. Bomber completes loop and streaks miles away at near-sonic speed as bomb completes its predicted arc and falls on target. This "toss" method of bombing also can be used to toss bomb either straight up or forward of plane.

New Treatment Promises Help in Liver Disease

New York, Oct. 18 (AP)—A new combination treatment promises speedy recovery from infectious hepatitis, a stubborn liver disease, two physicians reported today.

Combination of the hormone cortisone and an antibiotic cleared up the jaundice-producing disease within a week or two in 12 patients treated so far, Drs. Max Jacobson and Charles Ressler of New York city write in the New York State Journal of Medicine.

Recovery from hepatitis usually takes many months, with strict bed rest for weeks.

While only 12 persons have been treated with the new technique, none has had a relapse. The first was treated five years ago.

Infectious hepatitis is caused by a virus, and the disease is apparently increasing, the physicians said. Some 50,000 cases were reported over the nation last year, and many more may not have been reported to health boards.

TO RISE AND SHINE—Architect's sketch shows a sleek, glass-faced building planned for New York City in late 1958 by the Corning Glass Works. The 28-story, L-shaped structure will be at the corner of Fifth Avenue and 56th Street, occupying a 30,000-square-foot plot.

Mettacahonts

Mettacahonts, Oct. 19—There will be a roast beef supper served by the Willing Workers at the Mettacahonts Hall on Thursday, Nov. 8.

The Willing Workers will hold their regular meeting at the home of Mrs. Leslie Osterhoudt on Wednesday, Nov. 14.

Miss Sharon Lee Osterhoudt was a weekend guest of her aunt and uncle, Mr. and Mrs. Earl Vandermark of Kerhonkson.

Mr. and Mrs. Abel Quick, Mrs. Daisy Tamney and Mrs. Gertie Roosa of New Paltz were visitors Thursday at the home of Mr. and Mrs. Charles D. Osterhoudt, and Mr. and Mrs. Jansen Osterhoudt and daughter.

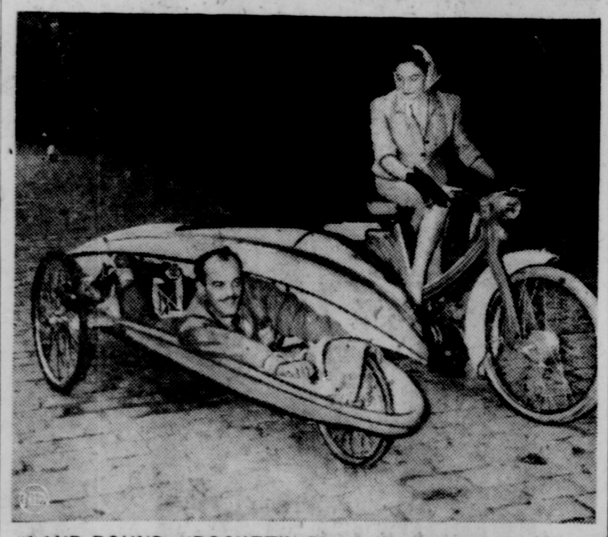
Mr. and Mrs. Ralph Kelder were visitors in Poughkeepsie on Saturday.

Mr. and Mrs. Irving Goldman visited Kingston on Tuesday.

Mr. and Mrs. Franklin Kelder entertained supper guests Saturday night in honor of their daughter's birthday.

Christmas in July

Flagstaff, Ariz. (AP)—The Parks School program was right on schedule when six 8th graders were graduated in August ceremonies. Because of heavy snow conditions encountered in winter months, the school year extends over the spring and summer months. The "Christmas vacation" comes in July.



LAND-BOUND "ROCKET"—The rocket-like vehicle seen in top photo might look as if it were intended to soar into outer space. But actually, as lower photo shows, it gives the operator no more than a dog's-eye view of the scenery. Its small motor provides about the same power as the ordinary motorbike beside it. The odd vehicle has been traveling around the streets of Paris, France.

Financial and Commercial

New York, Oct. 18 (AP)—The stock market was mixed early this afternoon as turnover settled back to about the slowest of the week.

Key issues fluctuated from fractions to around a point or so.

Most divisions showed a scattering of plus and minus signs. Leading aircrafts and coppers, however, showed a firm tone.

Anaconda and Phelps Dodge gained around a point while Kennecott was firm as coppers recovered from recent losses on news of lower copper prices.

United Aircraft was up better than a point.

Elgin dropped around a point as it cut its dividend. General Electric held a major fractional gain after rising over a point on news of its peak income.

The Associated Press average of 60 stocks at noon was unchanged at $178.0 with the industrials unchanged, the rails down 10 cents and the utilities up 10 cents.

On the American Stock Exchange prices were lower in light trading.

Corporate bonds were slightly higher in quiet trading. U. S. Government Bonds were lower in light dealings over the counter.

Every Swipe Counts

College Station, Tex. (AP)—L. P. Cobble, who bosses the custodial division of Texas A&M College here, has a well trained crew of eight supervisors and 160 employes. He claims any one of them could finish a housewife's cleaning job in 30 minutes. It's not that they work at a superhuman speed, he says. "It's just that the work is planned scientifically. "Every swipe counts," he says.

Ike Pledges . . .

Langlie, terming him "my good friend . . . of great personal integrity."

Crowd Takes Over

The beaming President, speaking over a statewide television and radio network, had difficulty quieting his Seattle audience so he could start his speech. He received a tremendous ovation and smiled broadly as the crowd chanted "we want Ike."

"I want you, too," he said. "Your welcome reminds me how well I've been feeling for quite some time now."

The President's audience cheered and laughed in turn as he scoffed at charges fired by the Democrats.

From Tacoma the Chief Executive was flying on to Oregon for a major nationwide television address tonight (7:30 p. m., PST) from Portland's civic auditorium.

On his itinerary in advance of that speech was a brief talk in Portland during the afternoon at a (2:50 p. m., PST meeting of Republican precinct workers and GOP county chairman.

Help for McKay

A major Eisenhower objective in campaigning in Oregon is to lend a hand to his former secretary of the interior, Douglac McKay, in McKay's tough battle for a Senate seat against Democratic incumbent, Wayne Morse. Morse switched from the Republican party in 1953 after refusing to support Eisenhower four years ago. It's no secret the President would get a great deal of satisfaction out of seeing Morse defeated. But McKay appears to be waging an uphill fight.

In his Seattle speech, Eisenhower made no mention of Stevenson's proposal that an effort be made to end H-bomb testing. But at one point the Chief Executive departed from his text to say his administration is all for using nuclear energy constructively for peaceful purposes.

Won't Halt Tests

"But we absolutely refuse to do it," he added, "until others do it with us. We are going to stay strong."

The President said "in these days of political frenzy" the Democrats are not telling a story of what he termed a generally prosperous and happy America.

"We hear, instead, the angry hum of a locust swarm of partisan orators," the President said. "They are singing a strange and sad song—about a feeble and fretful America.

JACOBY ON BRIDGE

Right Card Is Key to Game

BY OSWALD JACOBY
Written for NEA Service

Developing the right suit was not enough in today's hand. It was necessary to begin the attack with the precise card.

West made the fine opening lead of the five of spades, and declarer put up dummy's ace at once. He cashed the ace of hearts to get it out of the way, and then very properly switched to diamonds.

South made the mistake of leading the four of diamonds from the dummy. East played low, and South's nine forced out the queen.

West switched to a low club, and dummy won with the ace. Declarer now led the jack of diamonds from dummy and East put up the king. South won with the ace of diamonds and could cash his three top hearts.

When the hearts failed to break, South could take the ten of diamonds in his own hand or the eight of diamonds in dummy, but not both. He was thus limited to eight tricks.

When beginning the diamonds, declarer should have led the eight of diamonds from the dummy. This would have driven out the queen. South would win the club return in dummy with the ace and could then lead the jack of diamonds. If East covered with the king, South would make all three remaining diamonds in his own hand. If East refused to cover the jack of diamonds, dummy could win the trick, and South could win the next diamond finesse to make sure of nine tricks.

Vigna to Play For Saugerties Halloween Fete

Joey Vigna and his orchestra will supply the music for the teen-age Halloween dance Wednesday, Oct. 31, in Saugerties Municipal Auditorium.

The services of the eight-piece orchestra are provided by a grant from the trust fund of the recording industry obtained through the cooperation of Local 215, American Federation of Musicians of Kingston.

The dance will be the climax of the Saugerties Youth Council's annual Halloween parade and observance. The entire community is invited to parade in costume and to stay for dancing later. There will be no charge for anything.

Refreshments will be provided by the Youth Council. Cider will be donated by Zibella's Cider Mill, Barclay Heights.

Parade for All Ages

The annual costume parade for young and old will begin when the fire siren sounds at 7 p. m. at the Municipal building. Maynard "Cookie" Cook will serve as parade marshal. Miss Lauretta Tierney, Miss Saugerties of 1956 will parade in her usual manner on a convertible.

As in previous years the Youth Council has made available 10 cash prizes for the best costumes based on originality, comedy and beauty. Prizes will be awarded for best singles and best groups. The judging will be staged directly after the parade in the auditorium.

The teen-age dance following the judging will be in charge of Miss Saugerties and her teen-age committee including Joan Cotich, William Zeilman, Donald Whitaker, Susan Bach, Kathleen Snyder, Kay Moose, Rosemary Gatti and Crystal Jobst, last year's Miss Saugerties. Dress for the dance is optional. Everyone is invited whether in costume or street clothes.

Donations for the annual event may be made to the Saugerties Youth Council, in care of Supervisor Peter M. Williams, chairman, Town Building, Main street.

CADET RICHARD BOLTER

Graduated from the U. S. Naval Pre-Flight School at Pensacola, Fla., September 21 was Naval Aviation Cadet Richard L. Bolter, son of Mrs. Rose M. Short of Woodstock. He graduated from Saint Andrews High School before entering the Naval Aviation Cadet program through the Naval Air Station, New York. He is now assigned to the Whiting Field Naval Auxiliary Air Station, Milton, Fla., for primary flight training.

Airman JOHN BUZZANCO, U. S. Navy, son of Mr. and Mrs. John Buzzanco of 75 Hooker street, was recently graduated from the navy's School of Aerology at the Naval Air Station, Lakehurst, N. J., and is currently on a 15-day leave at home. Airman Buzzanco enlisted in the Navy in January under the Navy's High School Graduate Training Program and chose the Meteorology branch of Naval Aviation as his career field. Following his leave, the local navy man has been assigned to the weather central at the Naval Air Station on Kwajalein island.

See Help to Drouth

Washington, Oct. 18 (AP)—The U. S. Weather Bureau predicts rains in the parched central and southern plains areas over the next month which will be "of some help" in easing the drouth. Normal or greater than normal rain was forecast for the plains in the bureau's 30-day outlook. However below-normal rainfall was predicted for the southwest and between the Appalachians and the Mississippi. The weather was expected to be warmer than usual over most of the nation east of the Rocky Mountains.

Jack Webbs Separate

Hollywood, Oct. 18 (AP)—Television star Jack Webb, 36, and Dorothy Towne, 26, have separated and plan a divorce. They were married in February 1955. "Dorothy is a fine girl but it is senseless to remain together when we are unhappy," the Sgt. Friday of the "Dragnet" series said yesterday. Webb was formerly married to actress-singer Julie London, the mother of his two daughters.

GrandUnionPlan Decentralization For 56 Markets

Operations of the Grand Union Company in central New York state and northern Pennsylvania will be decentralized as of December 1, it was announced today by William F. Dempsey, vice president in charge of store operations for the eastern food chain.

Grand Union has 56 supermarkets in the area served by its food distribution center at Waverly.

Thomas R. Doyle, who has supervised Grand Union's operations in the area since 1954 as general manager of the company's central division, will head the decentralized operation.

This is the second move made by Grand Union this year to decentralize its operations. Decentralization of the company's northern division of 86 stores in Northern New York, Vermont and Massachusetts served by the chain's food distribution center in Waterford, was affected in March.

Based on Research

Mr. Dempsey said that the decentralization program is being continued on the basis of research and experience "which prove that decentralized operations produce many advantages for the customer as well as for the company."

"Research undertaken prior to decentralization of the northern division indicated that the efficiency of our operations in the area would be improved by giving local management full authority so that it could readily adapt to local conditions," said Mr. Dempsey. "Experience has borne out the wisdom of this move.

"By placing complete responsibility for the operation of the central division in the hands of local management, we will better serve Grand Union customers in the area," he said. "At the same time, overall operations of the company will be greatly strengthened."

Complete Charge

As head of the decentralized division, Mr. Doyle will have complete charge of all Grand Union operations in central New York and northern Pennsylvania. These include buying, store supervision and operation, sales promotion, advertising, accounting, maintenance, real estate and warehousing.

Mr. Doyle joined Grand Union in 1930 and has served his entire working career with the company. He was made manager of the Oneonta store in 1935. Promoted to the post of district sales manager in 1940, Mr. Doyle worked for 10 years in that capacity in the company's central, northern and metropolitan divisions. He became produce sales manager in the metropolitan division in 1950, and a year later was made produce sales manager for the entire chain. He remained in this post until his assignment two years ago as general manager of the central division.

Youth, 18, Faces Court Action for School Damages

Syracuse, N. Y., Oct. 18 (AP)—Paul E. Furlong Jr., 18, faces court action today in what police say was a wave of destruction at Grant Junior High School.

Police said a 15-year-old boy also participated and was being held as juvenile delinquent. His name was not disclosed.

Furlong is charged with burglary and malicious mischief.

School authorities estimated damage at "thousands of dollars."

The damage was discovered yesterday morning. Morning classes were suspended while the building was cleaned and repairs made. Enrollment is 937.

Police said books had been strewn about, dishes and windows broken and ice cream from a cafeteria were squirted about.

Police quoted Furlong as saying he was bent on burglary but his companion "wanted to get even with teachers."

Erie Shows Gain In Registration Over '52 Totals

Buffalo, Oct. 18 (AP)—The number of registered voters in Erie county has exceeded the half-million mark for the first time in history despite a decline this year in Buffalo itself.

County election commissioners yesterday said the total number of registered voters was 501,127.

In Buffalo registration dropped to 249,056 this year from 276,287 for the 1952 presidential election.

Outside the city, however, the figure rose from 214,661 in 1952 to 252,071 this year.

Mortgage Corporation Will Elect Chairman

Albany, Oct. 18 (AP)—A temporary board of directors of the Mortgage Facilities Corp. will elect a chairman at a meeting tomorrow in New York city.

Gov. Harriman named the 13-member board yesterday. His office said it expected that insurance superintendent Leffert Holz, public representative on the board, would be named chairman.

The 1956 legislature authorized the privately financed corporation. It is designed to make mortgage money available in depressed and deteriorated urban areas.

Participating members of the corporation will name a permanent board of directors.

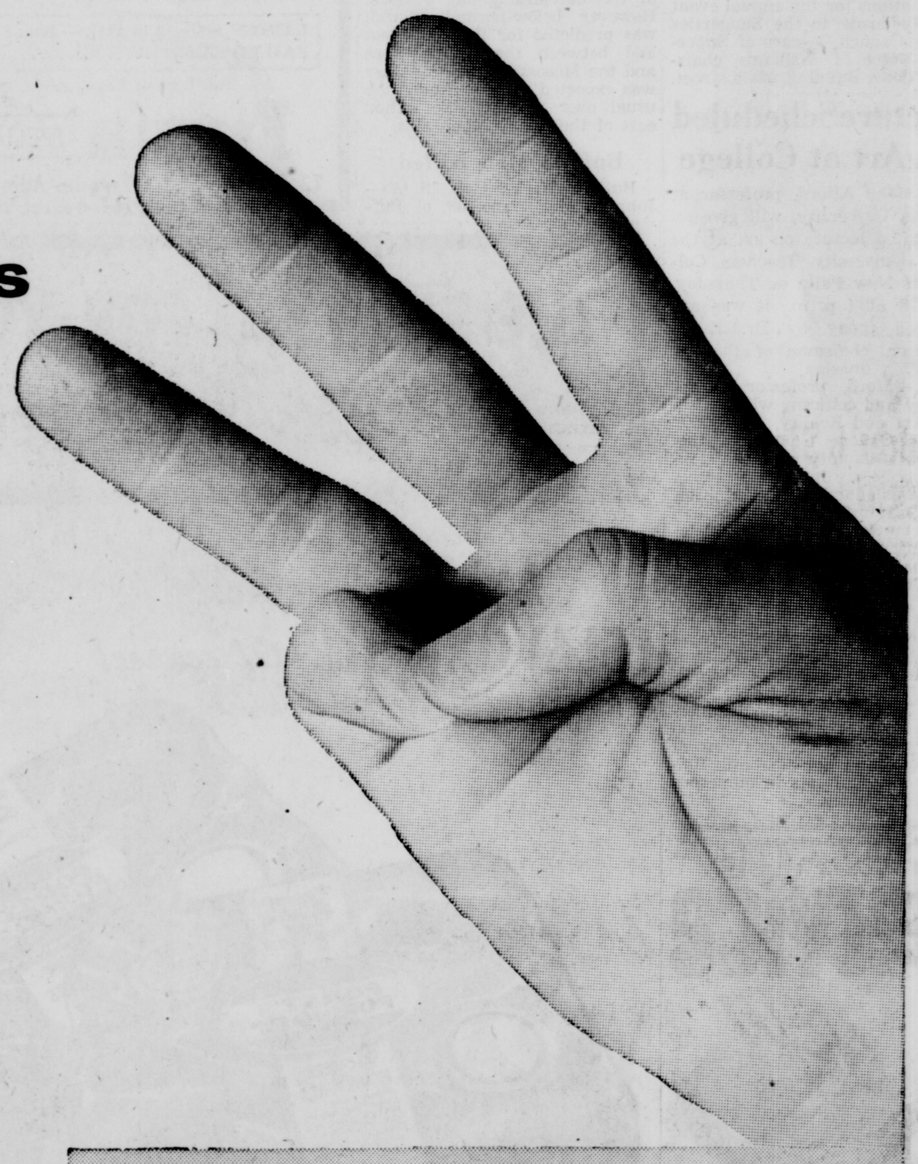
THE '57 CARS ARE HERE!

Ready to meet the needs of their more powerful engines is



NEW GOLDEN ESSO EXTRA

In a survey among users of competitive brands who tested this new power fuel in their own high-compression cars...80% noticed an immediate improvement in performance!

No fuel available in this area could get top power from the new, higher-compression engines until Esso Research developed GOLDEN ESSO EXTRA. The third brilliant gasoline at the Esso Sign is the first gasoline actually designed to get full power, top mileage and all-round performance from today's most advanced engines. When owners of high-compression cars tested this new power fuel, they praised such important characteristics as **better mileage, quicker starting, more power, faster acceleration, and greater engine smoothness.** Now, with '57 engines going to even higher compressions, the need for this new power fuel will be greater than ever!

Drive in today and try a tankful of new GOLDEN ESSO EXTRA . . . It's in a class by itself!

ESSO DEALERS OFFER THREE GASOLINES. YOU CHOOSE THE FUEL YOU NEED WITHOUT PAYING A PENNY FOR QUALITY YOU CAN'T USE!

1. REGULAR-PRICED!

Millions of cars deliver satisfactory performance with regular-priced gasoline. Esso is the largest seller among all brands in the entire area served by Esso Dealers. If you get satisfactory performance with Esso, it's not necessary to use a more expensive fuel.

2. SUPER PREMIUM!

Many cars require premium gasoline for their more powerful engines. Super premium Esso EXTRA is made especially for these cars. If you get full power with Super premium ESSO EXTRA, (with D-FROST*, the anti-stalling additive), there's no need to pay for a higher-priced gasoline.

3. IN A CLASS BY ITSELF!

For newer cars with higher-compression engines, Esso Research developed GOLDEN ESSO EXTRA. It is the first gasoline designed to get top power and top performance from today's and tomorrow's engines. It costs more to make . . . does more for your car. It also contains D-FROST*. *Trademark

New Soil Bank Called Answer To Wheat Surplus

Alliance, Neb., Oct. 18 (AP)—Asst. Secretary of Agriculture Marvin L. McLain said today farmers can eliminate the troublesome part of this nation's wheat surplus within three years by taking part in the new soil bank program.

In a speech prepared for the 14th annual Nebraska wheat show, he envisioned a cut in that period from the 1956 carryover of 1,030,000,000 bushels to what he called "the 500 million bushel level which has been generally regarded as desirable."

Signup of growers for participation in the soil bank next year, McLain said, now indicates that production may be reduced as much as 200 million bushels below annual consumption.

Similar participation in 1958 and 1959 could well reduce wheat stocks to 500 million bushels, he said, adding:

"When that point is reached the serious surplus will be eliminated, and it will be possible once more to plan current production in line with current demand—without the handicap of a backbreaking surplus."

Under the soil bank program, farmers are paid for reducing acreages of such surplus crops as wheat, corn, cotton, rice, tobacco and peanuts.

McLain said that "much, of course, depends on the ability and willingness of wheat farmers to follow through with compliance under this program which has given them the tools to restore stability to their industry."

"With so much at stake, I am confident they will make the program work effectively," he added.

Approximately $45 million dollars have been spent in restoring Williamsburg, Va., to its days of the American Revolution.

New Law Governs Auto Insurance

Fourth in Series

Once you have established your "financial security" by filing your Certificate of Insurance (Form FS-1) at the time of applying for 1957 motor vehicle registration plates, make sure you keep your liability insurance in force continuously thereafter —or you are in trouble.

After you qualify for your 1957 registration plates under the state's new Motor Vehicle Financial Security Act, you won't need to carry evidence of insurance in your vehicle, but if you let your insurance coverage drop for even a single day, you will be flagged by the green slip. And in the administration of this new law, green will mean "stop."

The green slip will be Form FS 4—"Notice of Termination" —which your insurance company is required by law to file with the Bureau of Motor Vehicles if your liability insurance policy terminates for any reason.

Beginning February 1, 1957, the law says that if your liability insurance lapses for even a single day, you must immediately surrender your motor vehicle registration certificate and number plates to the Commissioner of Motor Vehicles.

Will Give Warning

You will have prior warning because the law requires your insurance company to give you ten days' advance notice of termination of your policy if the company cancels or refuses to renew it.

Your insurance company is required to send the Notice of Termination to the Commissioner of Motor Vehicles in all cases where an insured fails to renew, or when the company cancels or suspends coverage.

Even in cases where you have your liability insurance suspended for a temporary period during which you store your car and don't drive it, the company must notify the Bureau and you must surrender your registration certificate and number plates to one of the district offices of the Bureau of Motor Vehicles in Albany, New York, Brooklyn, Jamaica, Buffalo, Rochester, Syracuse or Utica on or before the date on which the insurance is suspended. When your insurance is reinstated, you submit a new Certificate of Insurance (Form FS-1) and pick up the same certificate and plates.

But, if you do not immediately surrender your registration certificate and plates in case your insurance is suspended or terminated, the Commissioner of Motor Vehicles must revoke your registration and plates for 30 days.

Fee Payable Again

Revocation means the final cancellation of that registration and those plates. After the 30-day period, you will have to furnish proof of financial security again and pay the registration fee again in order to be able to drive your car on public highways again. The same rules will apply to any other vehicle you might want to register.

The law does not leave the Commissioner of Motor Vehicles any discretion in regard to these actions. He is required to act, once he receives the reports which are the basis of his action.

The only way to avoid the 30-day revocation of your registration and plates, and the prospect of paying the registration fee again, in the event your insurance lapses or is suspended, is to surrender the registration certificate and plates to the Motor Vehicle Bureau immediately—on or before the date when insurance coverage ceases.

If you fail to deliver the certificate and plates to the Bureau of Motor Vehicles immediately following revocation, you are guilty of a misdemeanor under this law. On conviction, you would be subject to a fine of up to $100, or up to 30 days in jail, or both, for a first offense.

MVB Lists Rules On Licenses for Fleet Ownership

Albany, Oct. 17 — Motor Vehicle Commissioner Joseph P. Kelly today issued instructions to owners of fleets of 10 or more motor vehicles for establishing proof of financial security to get registration plates for 1957 under the state's new compulsory insurance law.

Owners of fewer than 10 motor vehicles must submit a Certificate of Insurance (Form FS-1 with each renewal) application for 1957 registration to show the required "ten-twenty-and-five" liability insurance coverage, or else furnish a $25,000 bond or deposit of $25,000 in cash.

Fleet owners will be able to qualify for 1957 registration plates through liability insurance by either of two methods, Commissioner Kelly said.

Insurance Certificate

They may submit a Certificate of Insurance (Form FS-1) for each vehicle they wish to register, or they may submit a Certificate of Fleet Insurance (Form FS-2) with each application. While Form FS-1 must contain a description of the vehicle, this is not required on Form FS-2 for fleets.

If the fleet applicant uses a blanket application for the registration of ten to 40 vehicles, only one Form FS-2 is required with that application as proof of insurance coverage.

A fleet owner who wishes to adopt the fleet insurance certificate, FS-2, goes about it in this way:

Notify Company

The fleet owner notifies his insurance company that he wishes to use Form FS-2. His insurance company will then certify to the Bureau of Motor Vehicles that the company will ask the bureau ability insurance coverage, and the company will ask the Bureau to furnish the necessary forms.

The bureau will then assign an "approval number" to each fleet owner and will send to the insurance company the required quantity of FS-2 forms, serially numbered. The company will sign the forms and send them to the fleet owner, who must fill in the rest of the form and submit it with his application for 1957 registration plates. Each FS-2 form must show the "approval number" assigned to that owner by the Motor Vehicle Bureau.

Commissioner Kelly pointed out that fleet owners may not use Forms FS-1 and FS-2 interchangeably. If an owner decides to use FS-2 as his method of furnishing proof of insurance for 1957 registration plates, he will follow the same method in obtaining subsequent registrations.

The new Motor Vehicle Financial Security Act — compulsory insurance—applies to cars and trucks of all types, suburbans, trailers, semi-trailers, tractors (except those used exclusively for farm purposes) and even motorcycles.

Some fleet owners—those who have more than 25 motor vehicles registered in New York state—may be able to qualify as self-insurers under the new law, but will first have to satisfy the commissioner of motor vehicles that they are able and will continue to be able to satisfy judgments resulting from accidents involving their vehicles.

Owners of less than ten vehicles will use the form FS-1 Certificate of Insurance as proof of liability insurance coverage at the time of applying for 1957 plates. Car owners get these forms from the insurance company, agent or broker who sold them their owner's policy of liability insurance.

Steel Planes Coming

New York (AP) — Tooling engineers in the aircraft industry are dreaming up new ways to shape and fabricate steel to build an all steel plane capable of breaking the thermal barrier where aircraft must encounter extremely high tempertaures. "Steelways," an official publication of the American Iron and Steel Institute, said that at speeds of 2,000 miles per hour, many designers are convinced that steel is the only material known that can withstand the scorching 600 degrees that weakens the structural parts holding the wings stiff and the fuselage together. The magazine said that it is almost a certainty that future commercial airliners, capable of flying from New York to Los Angeles in 90 minutes, will be all steel.

Will Seek New Trial

Buffalo, N. Y., Oct. 18 (AP)—U. S. Attorney John O. Henderson says he will move for a new trial of Raymond A. O'Connor, a Niagara Falls accountant whose conviction on income tax charges was reversed by the Court of Appeals. Henderson made the announcement yesterday after receiving the written decision of the Court of Appeals. O'Connor, 59, was convicted in January, 1954, by a Federal Court jury of evading payment of $108,601.24 in income taxes from 1946 through 1949.

New Drug Effective For Scalp Ringworm

Washington, Oct. 18 (AP)—A new antibiotic drug has been used effectively in treating stubborn cases of scalp ringworm, a group of medical researchers reported yesterday.

The drug, an antibiotic called "ascosin," is not yet available commercially.

Reasearchers from New York Medical College and Philadelphia's Skin and Cancer Hospital told about the work at a symposium on antibiotics sponsored by the Federal Food and Drug Administration (FDA).

They said 102 cases of ringworm were treated—more than 75 per cent of which had not been cured by other methods.

After 6 to 27 weeks of treatment with the new drug, they said, there was "cure or definite improvement" in more than 60 per cent of the cases; while the "cumulative cure rate," after 12 weeks or more of treatment, was 50 per cent.

JOE SMITH'S SHADOW—How closely the Republican "Truth Squad" follows on the Democratic candidates' heels is seen in this photo, taken at Kansas City, Mo., airport. Before Adlai Stevenson had time to emerge from his chartered "Joe Smith Special," the GOP "Truth Squad Special" touched down right behind it.

Landscape Talks Are Scheduled

Two meetings on landscaping of home properties are scheduled in the area for Thursday, Oct. 25 and Friday, Oct. 26. The meeting will begin promptly at 10 a. m.

Donald Bushey, professor at the New York State College of Agriculture will conduct the first meeting Oct. 25 on the property of James McCarty, Broad street, West Hurley, and the second on the property of Paul Borges on Country Club Drive, Mt. Marion Park.

Following his outline on the principles of landscaping and the materials suitable for planting there will be question and answer period.

Mr. Bushey will show slides at both meetings to illustrate certain types of materials to use in landscaping. He will have a selection of bulletins from which to choose further information. The meetings will be held rain or shine.

Science Sees Atom as Boom To Fish Business

Washington, Oct. 18 (AP) — An "atomic fishing boat" that would use the atom's energy to lure, capture, sterilize, and refrigerate or can the fish is envisioned by a University of Wisconsin scientist.

Dr. Arthur D. Hasler says the "luring" would be done this way:

The ship's atomic reactor, in addition to propelling the ship, would furnish enough current to electrify the water in the area near the vessel—and thereby attract the fish to a point where they could be pumped aboard.

Good for Long Trips

Such ships, he told a Senate-House Atomic Subcommittee, would be valuable for "the 'have-not' nations such as India or Japan where their ships have to go rather long distances into the tropical seas to harvest the crop of fish, such as tuna."

At present, he said, if the ships are at sea for long periods in warm climates the fish spoil.

The subcommittee distributed last night a transcript of recent hearings on the subject of progress in atomic research. It quoted Dr. Hasler as saying:

"I visualize the possibility of being able to build an atomic ship, something on the order of the (atomic submarine) Nautilus, with an abundant supply of energy available for the canning and refrigeration processes that could be taking place on the ship as soon as the smaller fleet ships which supply such a mother ship landed their catch of fish."

Atom Refrigerators

He envisioned atomic-powered "refrigeration rooms" to keep fish refrigerated "for many weeks" until the vessel had a full load.

"One of the big hazards of the tropical fishery," he added, "is the spoilage process of the fishes after they have been captured. The fish could be sterilized (by an atomic radiation process) . . .

"Another far-reaching suggestion would be the possibility of having such ships equipped with sufficient power so that they could generate enough electricity for attracting fish to a concentrated area.

"I visualize that such a ship, after locating a school of fish with echo sounding, could put out . . . electrodes with these rather tremendous amounts of energy that would be required in the ocean to assemble these fish. . ."

Then, he said, it would be possible—still using the atomic-generated electricity—to "pull them (the fish) together into a 'ball' with direct current, and then pump them onto the ship, filter out the fish, and in that way cut down some of the time factors in capturing fish through the conventional techniques."

JCC to Organize Cub Scouts October 22

Cub Scout Pack 5 will be reorganized at the Jewish Community Center on Monday, Oct. 22 a 8 p. m.

Parents of boys eligible for membership are invited to attend. Boys will be assigned to dens and a representative of Rip Van Winkle Council will answer questions on cubbing and scouting. The Center also sponsors a Brownie and Girl Scout troop to offer a complete scouting program for boys and girls. Further details may be obtained at the Center, or the scout office.

THREE CELEBRATE AT GRANGE—Master John McCardle of Lake Katrine Grange (left) shares huge cake with Mr. and Mrs. Pratt Boice who celebrated their 42nd wedding aniversary at Monday meeting. It was also Mr. McCardle's birthday. It was announced at the meeting that the Grange Hall would be used for voting on Election Day and that the ladies of the service and hospitality committee would serve luncheon and dinner.

Rosendale Grange Plans Card Party Saturday, Oct. 20

Tillson, Oct. 18—A card party scheduled for Saturday evening, Oct. 20, sponsored by the Tillson Parent-Teachers Association, has been canceled until further notice. This party was to have been held at the Tillson school.

A card party sponsored by the Rosendale Grange will be held in Rosendale at the Grange Hall Saturday night, Oct. 20, and because of this, the committee in charge of the planned P-TA card party announced its cancellation.

Couple Observes Wedding Anniversary

Mr. and Mrs. George Tellier of 9 Susan street celebrated their 55th wedding anniversary, Tuesday, Oct. 16.

The couple were married before a nuptial Mass at St. Peter's Church in Rosendale in 1901.

They have five children, nine grandchildren and five great grandchildren.

Mr. Tellier, before his retirement, was employed by the Rondout National Bank.

STILL A BRIDE

"I am a widow in the early forties and am planning to be married soon. The wedding will take place in our parish church I would like to know if it is proper to have the wedding march played while I walk up the aisle. I have been told that Mendelssohn's Wedding March is not proper at a second wedding. Will you please tell me if this is true?"

Of course have it played—a bride is a bride even though it is for the second time.

Waiting for Her Date

Dear Mrs. Post: Is it permissible to leave a young girl home alone waiting for her date to pick her up, if her parents have to leave the house before the young man arrives? My husband refuses to leave the house before our daughter's date arrives, as he thinks it is improper for her to be home alone when he comes. I think this is carrying propriety to a ridiculous degree. Will you please give me your opinion.

Answer: I agree with you. It isn't necessary that her parents be at home every single time someone calls for her.

Remind Her

Dear Mrs. Post: A friend of mine broke one of my favorite records while at my house one evening. She said that she would replace it. That was over a month ago and she hasn't replaced it yet. How can I tactfully remind her of this?

Answer: I'm afraid you can't.

Removing Gloves

Dear Mrs. Post: Should a man remove his gloves to shake hands with another man, or is it necessary to remove it only before shaking hands with a woman?

Answer: Only before shaking hands with a woman.

Is it proper for boys and girls to give each other presents? This is one of the questions in a quiz written by Mrs. Post found in leaflet E-11, "Do You Know Your ABC's In Manners?" (For boys and girls of high school age.) Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Kingston Daily Freeman, P. O. Miss Norma Johansen Is Wed in Iowa

Announcement has been received of the marriage of Miss Norma Johansen, daughter of Mr. and Mrs. John Johansen of Glen Cove and West Shokan, and Eugene Lennox Whiting, son of Mr. and Mrs. F. Leland Whiting of Glenford. The lawn wedding took place at Glenwood, Ia., at 3 p. m. Sept. 17, at the home of Justice of the Peace Lola Boquette.

Mrs. Boquette performed the double ring ceremony, using the community church ritual.

The bride wore a rose nylon gown and a wrist corsage of white carnations and carried a family Bible.

Mrs. Whiting is a graduate of Glen Cove High School and studied retailing at Green Mountain Junior College, Poultney, Vt. She is now employed by the Miller and Paine, Inc. of Lincoln, Neb.

Mr. Whiting is a graduate of Onteora Central School, Boiceville, New York State Institute of Agriculture at Cobleskill, and is a reservist in the Naval Air Reserve Unit at Lincoln, Neb. He plans to enter the University of Nebraska in the spring to continue his studies in agricultural engineering.

Mr. and Mrs. Whiting are making their home at 856 North 25th street, Lincoln, Neb.

11 Skywatchers Join Local Post

Eleven new skywatchers were welcomed to the Kingston Observation Post Monday night at a meeting in the Ulster county courthouse.

They are:

Miss Blanche Wagg, 41 Downs street; Mrs. Irene McAndrew, 96 Madison avenue; Dolores Burns, 96 Harding avenue; Victor Osborn, Colonial Gardens; Cosmos Perpetua, 35 Henry street; Bruce Port, 192 Hurley avenue; Joseph Richards, 75 Pearl street; Saul Rosen, RD 1, Kingston; Edward Ulrich, 636 Broadway; Louis Werbalowsky, 72 Elizabeth street, and Jeannine Chambers, 13 Russell street.

52 At Meeting

Fifty-two observers were present to hear Mrs. Dewey Logan, post supervisor, explain the function of skywatchers and point out there were no financial rewards for service rendered.

Members are entitled to wear the Corps' distinctive silver wings and other awards and receive identification cards and arm bands, she said. "It is one of the few modern organizations which relies entirely on the competence and faithfulness of volunteers who serve without profit motive.

"In order that the volunteers' time contribution be kept within practical bounds a large number of volunteers are needed," Mrs. Logan said. The more volunteers that the observation post has the fewer the necessary periods of duty for each volunteer."

The new skywatchers were urged to take their duty seriously. Mrs. Logan also stressed the urgent need for adult observers to serve two hours once a week—men from 10 p. m. to 6 a. m. and women from 8 a. m. to 10 p. m. Men and women of all ages are invited to join the Corps, she said. The only requirement is good eyesight and hearing and a clear speaking voice.

Four Get Silver Wings

The following observers received their silver wings: Miss Joan Cole, Miss Rose Bruno, Mrs. Magdalena Grothkoff and Mrs. Eleanore Nagele.

Bertram Quick and Edward Hollenbeck reported on plans for a dance to be held in November. Music will be furnished by a group of GOC members and the party chaperoned by adult observers of the post.

Raymond Palen sang several solos at the close of the meeting.

The following members were awarded surprise gifts for taking part in the social hour: Eleanore Nagele, Gladys Osborn, Dorothy Weigert, Ruth Styles, Irma Herrington, Victor Osborn, Raymond Palen and William Brennan.

Assisting Mrs. Logan during the meeting were Jean Swarthout, William Brennan, Robert Bold and Mrs. William Blume, first assistant chief observer.

ILA's Victory

New Jersey agency. Heavy police details were assigned to the polling places.

A similar election between the two unions in December, 1953, was marked by stabbing and brawls. The results of that election, in which the ILA was the apparent victor, were set aside by the NLRB on the ground that voters had been intimidated and coerced. The NLRB ordered a new election, and in May, 1954, the ILA won 9,407 to 9,144. The IBL resumed its organizing efforts and campaigning, and instituted yesterday's new test of strength.

After the results of the new election were announced, Thomas (Teddy) Gleason, chief organizer of the ILA, said:

"The men have ... reaffirmed their confidence in the leaders of this union. The union will proceed to do everything possible to get them the best contract possible.

"We hope to meet with the New York Shipping Assn. no later than Monday. Still first in our list of demands is national bargaining. That is really what the men voted for—one national longshoremen's union."

Former Pastor To Be Installed In Monsey Church

REV. W. H. JEWETT

The Rev. William H. Jewett, former associate minister of Fair Street Reformed Church will be installed Sunday as pastor of the West New Hempstead Reformed Church of Monsey.

The Rev. Forrest R. Prindle, pastor of the Church of the Comforter will give the charge to the minister. The Rev. Howard Schade, vice-president of General Synod, and president of the Classis of Paramus, will conduct the service.

The Rev. Mr. Jewett, who served Fair Street Reformed Church for 15 months prior to his acceptance of a call to the West New Hempstead Reformed Church, began his work at Monsey October 1.

The Rev. and Mrs. Jewett are living at 20 Orchard street, Hillcrest, Spring Valley, until the new parsonage is completed in the spring.

4 Japanese Paroled

Tokyo, Oct. 18 (AP) — The United States paroled four more Japanese war criminals today. This reduced the number of war criminals still serving sentences at Tokyo's Sugamo Prison to 149, of which 98 were sentenced by the U. S., 47 by Australia, and 4 by Britain.

Teachers Meeting Scheduled Friday In New York City

Area teachers will be among 10,000 expected to attend the annual Southeastern Zone meeting which will be held Friday in New York city at Manhattan Center and Carnegie Hall.

Programs at the two meetings will be identical with the speakers following a schedule of rotation, according to Joseph B. Kenny of Suffern High School, president of the Southeastern Zone of the New York State Teachers' Association.

Speakers will include Samuel M. Bornwell, former U. S. Commissioner of Education and newly elected superintendent of schools of Detroit; Earl L. Vandermeulen, principal of Port Jefferson High School, and president of the New York State Teachers' Association, and Lewis A. Wilson, immediate past commissioner of education and former president of the University of the State of New York.

The annual zone business meeting will be held at Hotel Thayer, West Point, Saturday, Oct. 20. Reports of committees will be received, resolutions acted upon, and officers for 1956-57 will be elected. The West Point meeting will begin at 9:30 a. m.

Reds Oust Two More

Vienna, Oct. 18 (AP)—Poland's Communist government has fired two more second-rank officials. Warsaw radio reported today that Roman Pietrowski and Aleksander Wolski, deputy ministers of building and reconstruction, have been dismissed. The broadcast gave no reason for their ouster, but the Polish press, government and parliament have repeatedly attacked the Building Ministry for failure to solve the nation's housing problems.

Banking on Rain

St. Petersburg, Fla. (AP)—The First National Bank installed an umbrella service to help customers who get caught in sudden showers. A rack with several dozen umbrellas has this invitation: "Yours to Use, Yours to Borrow, but Please Return, Could Rain Tomorrow." Only a few umbrellas have not been returned and the bankers think the lost ones may show up.

Fast Fry

Owingsville, Ky. (AP) — Sweet potatoes were cooked in a hurry on the electric range in the Robert Toy home. Lightning struck the pan of potatoes and cooked them to a crisp. The bolt also burned a hole in the pan and damaged the heating element.

Ready for New Blow

Fort Buckner, Okinawa, Oct. 18 (AP)—U. S. bases on Okinawa, hard hit by two major typhoons last month, braced themselves to night for another. Typhoon Jean's 126-mile-per-hour central winds were 385 miles south southeast of the island (at 4 a. m. EST) and headed on a course which would send the storm sweeping directly across Okinawa. The storm was traveling slowly, at 10 miles an hour, but generating more destructive power. Earlier today Jean's central winds were clocked by U. S. Air Force weather planes at 115 miles an hour.

Turkey, expanding its sea communications, has recently purchased five freighters in the U. S.

Plane Breaks, Sinks

Manila, Oct. 18 (AP)—A U. S. Navy P5M patrol plane broke up and sank while landing last night in Manila Bay off the U. S. Naval Station at Sangley Point. Its 10 crewmen escaped with only minor injuries.. The crew is part of a squadron stationed at Iwakuni, Japan, which is on temporary duty in the Philippines. The seaplane was returning from a routine mission. An investigation to determine the cause of the accident was begun.

Losee, Serving

He had been murdered. Where Foster had been for the two weeks prior to discovery of the body has never been ascertained. Losee was charged with the murder. At the time it was alleged Losee entered a building on his property and found the Foster boy in the building. He alleged he ordered the boy out and when the lad became abusive and refused to leave he struck the boy with an iron pipe. It was charged the lad's death was the result of having been struck on the head.

The body was found a couple of days after the alleged murder under a tree on the Anderson school property and Losee was charged with the death.

THEATRE, ART WORKSHOP—Mrs. Clifford Beal, of Kingston, chairman of Junior League children's theatre and arts workshop, is shown introducing guest speakers Mrs. Vera Rushfort Irwin, drama instructor at New Paltz State Teachers' College, and John Pike, well-known Woodstock artist. (Freeman photo)

Junior League

ston "is definitely going ahead and we can't sit back and do nothing about it." The mayor said planning is vital to progress and "you have to have a map of where we are going and how we are going to get there." He said enlightened citizenry was definitely necessary for progress.

Sales Tax "Murder'

Mr. O'Neil, who has served as assistant district attorney of Kings county and special assistant corporation counsel of New York city, avowed that "a sales tax in a city the size of Kingston would be murder."

"You'll find that people will go to other cities to shop and the amount that you make in sales taxes would be lost in sales volume," Mr. O'Neil said. He also indicated it would increase costs to hire tax inspectors to police the payment of sales taxes by merchants. "It would cost more than it's worth," he said.

Favors Foot Patrol

Mr. O'Neil said he favored "the cop on the beat" to combat juvenile delinquency. "There's a lot of talk about increasing the police force, buying new police cars and what have you but I think that more juvenile delinquency can be kept down by the cop on the beat than any flock prowl cars you want to buy."

Mr. Silkworth emphasized the need for concentrating on problems of parking facilities, shopping centers, water and public facilities, schools, churches and police protection.

Population in the area was 92,000 in 1950 but it is estimated by 1960 it will be 110,000, Mr. Silkworth said, "and we must look forward and try to embrace all these problems as rapidly and efficiently as we are able."

Mrs. Robert Wadsworth, director of Region 2 and a guest panelist at the morning session, stressed the importance of "learning by doing" in all phases of Junior League work. She said membership in the league is a training period for the development of responsible citizens in a community and each member "must think creatively and participate thoughtfully."

Dr. Margaret Wingert, consultant on education for the Association of Junior Leagues of America, Inc., introduced Mrs. Marian Read, general program consultant, and Miss Ann Hillman, coodinator of consulting services.

A panel of league members participated in the question and answer period covering individual league problems. The panel, moderated by Mrs. Gifford Beal, included the Mmes. William Boyle and David Beaman of Poughkeepsie, Robert Van Fleet and William Hicks of Middletown, and Sherwood Davis and Herbert Shultz of Kingston.

Three workshops were held on public relations, provisional course and children's theatre and arts.

Conference delegates were entertained at the home of Dr. and Mrs. Robert Moseley. Sustaining members of the Kingston League under the chairmanship of Mrs. Conrad Gross served as hostesses.

Summaries of the conference was made at the dinner by Mrs. Wingert and Mrs. Wadsworth. Presidents of the four participating leagues gave short interpretations of an outstanding contribution their league had made to their community.

Mrs. Elbert MacFadden wrote and directed a skit for the delegates. Mrs. Peter Corsones, chairman, and Mrs. John Kerns, co-chairman, were the directors of the conference.

CONFERENCE CHAIRMEN—Arrangements for Junior League Conference-in-Miniature were in charge of (l-r) Mrs. John Quimby of Newburgh, Mrs. Robert Vogelback of Middletown, and Mrs. Peter Corsones of Kingston. (Freeman photo)

PUBLIC RELATIONS WORKSHOP—Junior League Conference-in-Miniature held Wednesday at the Governor Clinton Hotel included a workshop on public relations. Panel included (l-r) Mrs. Jean Courtney, director of public relations at Vassar Brothers Hospital, Poughkeepsie; Mrs. Robert H. Wadsworth, Junior League director of Region 2; Robert L. Sabin of the Sabin Advertising Agency, Hurley, and Edward K. Lefren, works manager of the Port Ewen plant of the Hercules Powder Company. (Freeman photo)

Dial System Will Be Topic at AIEE Meeting Oct. 22

Two representatives of the New York Telephone Company will discuss long distance dialing at a meeting of the American Institute of Electrical Engineers, Hudson Valley Division, which will be held Monday, Oct. 22 at 8 p. m. at the Central Hudson auditorium, South road, Poughkeepsie.

The speakers will be H. W. Davenport and Richard J. O'Brien.

Mr. Davenport has been associated with the telephone company since 1917. During his years with the company he has held several positions of responsibility in the commercial department. Since 1948 he has devoted full time to speaking engagements and other public relations activities in the company's eastern division.

Mr. O'Brien, traffic superintendent of the Poughkeepsie branch, will conduct an informal discussion after Mr. Davenport's speech and will answer any of the more technical questions.

Boy, 15, Admits Killing

New York, Oct. 18 (AP)—A 15-year-old boy termed "very popular" in school, church and boy scout activities was stabbed to death today and police said another boy of 15 admitted the attack. The victim was identified as Leroy Huff, a Negro, of (40-01 10th street) Long Island City, Queens, a leader in his scout troop, choir singer in his church and a member of his high school basketball team. Police took into custody a boy they identified as Willie Ford, also a Negro, of (41-09 Vernon Boulevard) Long Island City, who lived about two blocks from young Huff.

Paper Supports Ike

Syracuse, N. Y., Oct. 18 (AP)—The Syracuse Herald-Journal today editorially endorsed President Eisenhower for re-election. In a lead editorial the politically independent newspaper said in part: "Altogether it seems to us that when a man has given more than 30 years of brilliant service to his country as a military genius and then turns in four equally brilliant years as its President, he is entitled to another four years to complete his program of economic and social progress. "For that reason, this newspaper proudly supports President Eisenhower."

Different Trend In School Voting

At the public meeting of residents of the Willow-Lake Hill area of the Onteora Central School District held last evening, one of the series of information meetings being held to sound out the taxpayers on the proposed building program, there was a different trend in the voting.

A poll taken among all of the persons attending showed 16 favored the three school plan, 16 favored an addition to the present school and one favored a K-6 school in the Woodstock area.

The vote of the residents of the Willow-Lake Hill area, in contrast with the vote at other area meetings, was only four in favor of the three school plan, 13 for an addition to the present school and 1 for two K-6 schools in the Woodstock and Shandaken areas.

The next meeting will be Friday, Oct. 26, at Glenford fire house for the Glenford area.

A total of the vote cast by the voters in the six meetings held prior to last evening showed 123 favored the three school plan, 57 an addition to the present school, 21 for one large school, 30 undecided, six for two K-6 schools to be located at Woodstock and Shandaken areas, nine for a K-6 school in Woodstock area and one for a K-6 school in the Shandaken area.

IT'LL BE "FOR KEEPS"—When Ingrid Bergman's daughter marries, it will be for keeps, she says. "When I'm married it'll be to someone I'll know I'll love," declares Jennie Ann Lindstrom, 17, pictured in her gym suit at Colorado University in Denver, where she's a freshman. Publicity-shy Jennie changed her name from "Pia" after her parents' divorce in 1951 and her mother's marriage to Italian movie director Roberto Rossellini.

DO YOU REMEMBER

By SOPHIE MILLER

The following may interest those who like to read about the old Mansion House and the Mary Powell. This is taken from the Kingston Weekly Freeman of Thursday, Dec. 20, 1900. "The Mansion House, which was managed for many years by the late John E. Lasher, and afterwards by his son, James W. Lasher, was turned over on Thursday, to William Steul of New York, who will hereafter conduct it. Mr Steul has many friends in this city, who will wish him success in his new venture. He will be remembered as having had charge of the bar of the Mary Powell during the seasons of 1884-5-6. In the following three years, he was cashier in the Continental Hotel in New York and then conducted a road house on Jerome avenue, near McCoomb's Dam, for eight years. For the past four years Mr. Steul had been cashier in Acker, Merrill and Condit's grocery store on 42nd street.

That is over a half a century ago. The Mansion House was then known as one of the finest hotels along the Hudson river. The building was built in the days of thick walls, bluestone and sturdy timber. Folks who built the buildings of Rondout, then the thriving section of the city, were boat builders and craftsmen. Their ancestors had built such good stone buildings some 300 years ago, that in spite of the British who burned Kingston, they still stand today. Even the sturdy timber is stil there, it was so solid and so thick. It is really remarkable to see some of the blue stone in the buildings of Rondout, no doubt it is priceless today.

Looking down Broadway from Spring street on both sides one can see the buildings are all brick on all sides. They are built of solid brick. Most of them have thick blue stone door steps or entrances. One has a curved, thick blue stone door door step that no doubt weighs thousands of pounds. The cornices on the top of the buildings are a work of art, and most of the windows have cornices and blue stone sills. Those who are in the building line or just like to putter around, know what thin blue stone is worth even for a little walk, near the house. No doubt that blue stone work of many years ago in Rondout had to be worked by hand.

It took skill and it took time. When electricians or plumbers are called on to drill through some of those walls they then realize what thick walls many of those Rondout buildings have. I had one mechanic tell me about one wall of a very old house and I was surprised at its thickness, for it is a small house, of the old Dutch type. Some of the buildings are 100 years old and still in fine shape, perhaps a bit of modern remodeling will give them eye-beauty.

If one wants to see real structures that have withstood time and weather let them start in Rondout right from Ferry street at the Cornell building and stand there and look up on both sides of the street, and up Broadway. Very often bluestone was used as a foundation as well as for the sidewalks. Blue stone wagons were going back and forth from the local quarries all the time. Blue stone was no problem and the builders liked to work with it. Bluestone can withstand, water, weight and time.

Shokan

Shokan, Oct. 17—Dr. Henry Dieppher, his wife and two daughters of Midland Park, N. J., were Shokan callers Saturday in the course of a visit to their summer place at Phoenicia.

Mr. and Mrs. Howard Richards have added a stone patio to the north side of their attractive home in the village center.

Frank Low, Grahamsville resident whose hobby is collecting old cars and accessories, was a business caller here Saturday.

Mrs. Seth Jocelyn, Jr., whose marriage took place at Pine Hill Oct. 7, is a grand-daughter of Mr. and Mrs. Arthur Brannen, one time residents of Shokan. The former Deanna Thompson is also a daughter of Ralph Thompson who before his death two years ago was Onteora School District tax collector.

Henry Gebelein has remodeled the interior of his duplex bungalow near the railroad viaduct and the building is now being utilized as office space by Timmerman & Carlson, local law firm.

Mr. and Mrs. Owen Kenworthy of New Hyde Park have their new summer home along the east side of the Ridge road enclosed. The couple with the aid of a little outside help, put up the building themselves.

An arc light has been hung above the roadway of Route 28 at Winchell Corners. The automatically regulated lamp illuminates both 28 and the reservoir road for a distance of about 300 feet, and is Shokan's first street lamp.

Having a birthday October 18 is Roger Buley of the Tonche Mountain road. Roger, 8, is one of 11 children of Harold and Kathleen Buley.

Harry and Christine Johnson have moved into their newly renovated home, the former Ole Pedersen residence on Sheldon Hill road. The Johnsons recently sold their two houses to James Clemens of Boiceville and Arthur and Fannie Loughlin of Far Rockaway, L. I.

Named to Board

Albany, N. Y., Oct. 18 (AP)—Gov. Harriman today appointed Angelo J. Martone of Glen Cove to the state insurance board. Martone, 51, a contractor and president of the Glen Cove board of education, was named to the unsalaried post to succeed Samuel A. Berger of New York city. Berger's three-year term expired last march. Martone will serve a term running to March 1, 1959. His appointment is subject to confirmation by the Senate. However, he can serve as a recess appointee until the Senate acts on the designation after it convenes in January. The seven-member insurance board is an advisory arm of the State Insurance Department.

Briefly Told

Buffalo, N. Y., Oct. 18 (AP)—If looks could kill, there would be one dead holdup man in the town of Amherst.

A sandy-haired man about 35 pulled a gun on Robert Calvert, bartender of Lovell's Restaurant, and demanded money. Calvert told him to get it himself.

The bandit stared at Calvert and Calvert stared back. This lasted for over a minute.

"I was only joking," the man finally said, finished a sandwich and walked out.

Washington, Oct. 18 (AP)—The air force reports it has released $448,500 for construction of a maintenance facility at Griffiss Air Force Base, Rome, N. Y.

The service said yesterday it had also released $82,000 for a maintenance facility at Stewart Air Force Base, Newburgh.

State Ban on Movie Fought by Agents

Albany, N. Y., Oct. 18 (AP)—The distributors of the French movie "Lady Chatterly's Lover" claim that a New York state ban on the film is unconstitutional "prior censorship."

Kingsley International Pictures Corp. of New York city yesterday filed in State Supreme Court a petition asking annulment of a decision by the Board of Regents.

The Regents last month said the movie presented adultery as "desirable, acceptable and proper."

Kingsley said the film was based on an expurgated version of the D. H. Lawrence story about an English woman and her crippled husband's gardener.

The distributors said the Regents "erred in failing to consider the film's artistic merit and sincerity of purpose."

The Regents' decision upheld a ban by the motion picture division of the Education Department.

4 Crewmen Die as Two Trains Hit

Pineola, Fla., Oct. 18 (AP)—Two Atlantic Coast Line freight trains raced down a straight-away stretch into a headon collision today, killing 4 out of 10 crewmen aboard and injuring 4 others.

Cars immediately behind the two Diesel engines piled up and broke into flames after the crash, trapping two of the men inside. Their charred bodies were recovered later.

Probe Underway

ACL officials began an investigation to determine the cause of the 6 a. m. collision in this isolated section of the Florida west coast.

The dead men were identified as B. T. Martin, engineer from High Springs, Fla., and the Democratic nominee for County Commissioner from Alachua county; E. W. Vaughn, fireman from High Springs; J. L. Phillips, brakemen from Lakeland, Fla., and W. E. Snyder, brakeman from Lakeland.

Martin, Vaughn and Phillips were members of the crew on the southbound freight. Snyder was on the northbound freight.

The injured men, all of the northbound freight, were Otis Bridges, engineer from High Springs; A. H. Goodyear, conductor from Tampa; Robert P. Tate, flagman from Tampa, and William Hardee Jr., of High Springs.

'Scrambled Mess'

"It's a scrambled-up mess," said John Purcell, an ambulance driver for the Garnet Funeral Home at Brooksville, who took the four injured men to a hospital.

"The engines and the cars just behind them are all tangled up together."

Two of the dead men were taken to the Porter Funeral Home at Inverness and the others to the Roberts Funeral Home in Ocala.

Two bodies were removed from the wreck shortly after the collision but the others were not recovered until flames were extinguished in the car in which they were trapped.

Firemen from Bushnell and Brooksville were fighting the blaze.

Pineola is 60 miles north of Tampa.

question found a new life by getting along with others, showing a profound interest in religion and displaying an improved measure of behavior. He said with "proper environment and discipline there can be no bad boys."

The speaker, who is honorary president of the juror's association, praised the outstanding work of President Thomas J. Murphy as the nucleus of the organization in keeping new members, as well as the old, interested in the vital work of the organization.

"Through such organizations," the speaker added, "we of the state, national and county courts can be assisted vitally in helping youngsters to find the right path."

President Murphy, in opening the program, welcomed the jurors and guests to the banquet.

A letter from Federal Judge John M. Cashin was read expressing his regrets on being unable to attend the annual fall function.

Two teenagers, John Weekly and David Wood, who attended summer camp this year under the sponsorship of the juror's association, also were introduced.

A moment of silence was held in tribute to the late Raymond Saehloff and Leo Parks, members of the organization, who passed away during the year.

Seated on the dais were Mrs. Anne M. Ashdown, secretary; Mrs. Raymond Schuler, secretary of the board of directors; County Judge Louis G. Bruhn, Attorney William A. Kelly, former county judge by appointment of Gov. Harriman; President Murphy, District Attorney St. John, John L. Larkin, assistant district attorney; Chester Elliott, vice-president; Edmund Zeidler, treasurer; Fred Baumgarten, chairman of the board of directors and Joseph Torraca, assistant district attorney.

Other dignitaries seated throughout the audience who were introduced by President Murphy and District Attorney St. John were Edwin Ashby, commissioner of jurors; John Schick, former assistant district attorney; Charles Relyea of Hurley, chairman of the Ulster County Board of Supervisors; Frank Burr and Harold Van Bramer, representing the Board of Fire Commissioners; Raymond Schuler, former supervisor of Kingston; Henry Morl, superintendent of highways of the town of Shawangunk and Blaine Wright of Napanoch, former member of the board of directors.

Arrangements for the banquet were made by Mrs. Schuler, chairman; Mrs. Ashdown, F. Leslie Garison and Percy Croswell.

Dixie Brand offered several piano selections during the meal.

Through the Roof

Fairbanks, Alaska (AP)—Marchie Nageak, 25, of Wainwright, was so mad about being arrested for drunken driving that he went through the roof—literally. Nageak, tossed in the drunk tank at the federal jail here, was missing next morning when police made a routine check. Officers reported Nageak had knocked a hole in the ceiling and escaped over the jailhouse roof.

Warm Weather Is On Wane Today

October's Indian Summer warmth was on the wane today after a brief spell of temperatures in the 80's and high 70's.

After hitting 80 on Monday and 82 on Tuesday the mercury reached a high of only 78 at 3 p. m., yesterday and the threat of rain today brought lower temperatures throughout the area. The low today was 52 at about 6 a. m.

The high temperatures on both Monday and Tuesday were high locally for the date, but October has had warmer days on other dates in other years. Yesterday's 78 was far from a record. The mercury hit 76 in the Ashokan area, but on Tuesday the high there was 85. The low this morning at Brown's Station was 49 degrees.

Dewey Again Hits Stevenson Views On Bomb Tests

Washington, Oct. 18 (AP)—Thomas E. Dewey says tests of smaller hydrogen weapons cannot always be detected and contends "the trend is to experiment with smaller ones."

The former New York governor, in a CBS-TV interview last night, described as "dreadfully and dangerously deceptive" Adlai Stevenson's statements that large H-bomb tests by other nations can be detected and that this country under such circumstances could resume its own tests.

Dewey conceded that tests of the largest weapons can be detected, but added:

"If you experiment with small ones and have a number of such tests, they can be added up into a large one, the like of which the world has never seen, and those tests cannot be detected."

Dewey said nuclear tests to date have not substantially increased the danger to human beings from radiation. He described as "dangerously irresponsible scaremongering" Stevenson's contention that continued testing could cause the human race unmeasured damage.

Typos Name Two To Attend 76th State Convention

John H. Dittus, Jr., of 42 Clifton avenue, and Donald R. Hyatt, of 29 Josephine avenue, have been named as delegates by Kingston Typographical Union, Local 322, to the 76th session of the Empire State Typographical Conference.

The conference will be held at the Van Curler Hotel, Schenectady, Oct. 26 to 28.

The conference is a meeting of representatives from the printers' union throughout New York state and is a forum for the delegates to discuss the problems that printers face in the industry today, including economic problems and the problems of new processes which are rapidly becoming standard in the printing industry.

The conference is subordinate to the 104-year-old International Typographical Union. Kingston's typographical union recently celebrated its 60th anniversary, providing printing services for the people of the city.

Mrs. Dittus and Mrs. Hyatt will accompany their husbands to the conference.

Rubbish Fire Checked

A rubbish fire at the Katz junk yard, lower Hasbrouck avenue, was checked by firemen yesterday afternoon. Central station answered a call at 1:20 p. m., and a pump stream was used on the blaze, which apparently started from a dismantling torch spark. A call at 5:50 p. m., was for a fire in some leaves near No. 2 school.

Boy Scout News

Troop 12

Three Boy Scouts of Troop 12 sponsored by Old Dutch Church achieved the rank of Second Class Scout this week at a Court of Honor held at the church.

They are Michael Drummond, Bruce Eymann and Robert Small. The mothers of these scouts were on hand to receive miniature Second Class Scout pins.

During a special ceremony the first place ribbon won by the troop at the Kingston District field day was presented to Senior Patrol Leader Robert Burnett.

The program included a lecture on common types of hunting firearms by Scoutmaster Ralph Shapiro. He stressed the safe handling of such equipment with demonstrations of each type.

Refreshments were served by a committee of Troop mothers.

Red Berlin . . .

work but refuse to use their tools.

The management of the state-run plant has offered to resign pending investigation of the workers' complaints.

None of the three West Berlin afternoon newspapers made any mention of East German labor unrest as reported by Der Tag.

Reports Denied

A spokesman at Magdeburg's Karl Marx plant, reached by telephone, denied the Berlin reports. He called them "a dirty lie."

"None of our workers is on strike and all are working normally," he said.

The spokesman, a functionary of the Communist party cell at the giant electrical plant, added: "There will be a news release on the newspaper reports in the next issue of Neues Deutschland," East German Communist party organ.

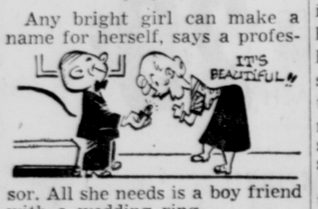
Any bright girl can make a name for herself, says a professor. All she needs is a boy friend with a wedding ring.



Why We Say--

MIXED UP: We use this expression to designate something that is all mixed up. Although it seems modern, "garbled" is a word that is over 100 years old. It started in London when the city appointed inspectors called garblers to see that spices and drugs were not mixed in stores.

George was running out of ideas for getting money out of his father. Anyway, none that he had thought up lately had seemed to work. He reasoned that a tricky or coy letter might appeal to the old man's sense of humor and make him soften up.

So he sat down at the college's typewriter and wrote:

"Dear Dad—Gue$$ what I need mo$t of all? That'$ right. Plea$e $end it along $oon. Be$t wihe and lot$ of love. Your hopeful $on, George."

And this was dad's prompt reply:

"NOw that was quite a tricky letter you sent. I've seen NOthing exactly like it since I went to college. NOne of us here would have thought to use the $ sign instead of an 's'. Write us aNOther letter soon. NOw I must close. Dad."

A lady appeared before a judge and complained angrily against the people next door.

Judge—What's the trouble?

Lady—Every night this week they have been pounding on the wall and yelling at me until two o'clock in the morning!

Judge—Dear, dear! And does the noise keep you awake?

Lady—No, but I can't enjoy my piano playing with all that noise going on.

Farmer—Jed, why are you an hour late getting back with those mules?

Hired Man—Well, I'll tell you boss. I picked up the preacher on the way home, and from there on those mules couldn't understand a word I said.

Youth Shot, 2 More Hurt in Gang War

Chicago, Oct. 18 (AP)—One youth was fatally shot, another was seriously wounded, and a third was slashed and beaten in teenage gang violence last night in a southwest side park.

Police said Fred Kruse, 18, walked into a police station shortly after the brief but violent gang fight and admitted he had fired the shots which killed Warren White, 17, and wounded Edward Melant Jr., 18.

Slashed on the face and beaten was Richard Bukovic, 19, described by police as a member of Kruse's gang. Bukovic, Kruse and four other youths were held by police without charge in connection with the shooting and fighting.

Agreement Near On Rail Wages

Chicago, Oct. 18 (AP) — An agreement for a three-year contract providing substantial pay increases for more than a million railroad workers was reported imminent today between the country's carriers and a score of unions.

Reports that a tentative agreement had been reached with "package" wage increases totaling roughly 25 cents an hour over the three-year period, subject to approval by the full negotiating committees, were not immediately verified.

However, reports in the rail industry and union circles last night were that both sides had exchanged informal settlement offers.

Presiding over the talks and seeking to work out a negotiated settlement without having President Eisenhower step into the dispute were two members of the National (Railway) Mediation Board, Leverett Edwards and Francis A. O'Neill Jr.

Saugerties C of C To Raise $4,100 For Yule Lights

A fund-raising campaign to raise approximately $4,100 for locally operated Christmas lighting for the business district of Saugerties was outlined at the regular meeting of Saugerties Area Chamber of Commerce Wednesday night at the Exempt Firemen's rooms of Saugerties Municipal building.

A complete report on the programs of the project and plans for the fund raising campaign will be announced this week.

Mack Trayhan of G. A. Trayhan Co., Inc., Christmas lighting supply dealer of Cohoes, showed samples and quoted prices on center-pieces and garland.

John G. Offermann outlined a new Friday night promotion to encourage shopping in Saugerties. He said his canvass of area businessmen indicates that Friday night business has fallen off considerably since the Appreciation Day project was discontinued.

26 Members Join

Twenty-six new members were welcomed into the organization during a special ceremony in which Miss Loretta Tierney, Miss Saugerties of 1956 and honorary membership chairman presented plaques to the new members present. Ben Fein, of the membership drive committee, was congratulated by Miss Tierney for signing the most new members. He was responsible for signing seven.

New members signed are John Byron of Prudential Insurance Company; George Terpening of Terp's Half-Hour Laundry; Ernest E. Schirmer of Schirmer and Carnright; Albert L. Giannotti and Myron Alting of Maranda, Inc.; Raymond Whitaker of Casino Grill; Charles Marabella of Schoentag's Hotel; Mrs. Ruth Dale of Dale's Sanitarium; Bernard Rinaldi of Rinaldi's Market; William Knipe of Corner Store; Albert Ricketson; Mrs. Bertha Glatthaar of Vienese Kitchen; Rodney Ball; William Eckerlein of Community Service Station; Joseph Pfleghaar of Dairy Queen; Stonewall Hotel; John Lynker of WSKN; Harold Kamp of Kamp's Insurance and Real Estate Agency; Steve Stycos of Stycos Tailors and Cleaners; Harold Farrell of Fiero and Farrell; Ignazio Bosco of Bosco Barber Shop; Charles A. Smith and Harry J. Smith of Seamon Brothers Furniture; Joseph Leal of Saugerties Cleaners; Charles Misasi of Misasi's Grocery; Harriet K. Fast and Anna H. McGuice of Sue-Lynn Shop and Harold M. Wilsey and Willett C. Overbaugh of Seamon Funeral Home.

Other members of the committee with the numbers signed are Arthur H. London, 4; Thomas W. Reynolds Jr., 3; Albert J. Cawein, 3; Mr. Offerman, 2; Herbert Lachmann, 2; Mrs. Irene Roming, 2; Franklyn F. Clum Sr., 2 and Raymond Ruby, 1.

A resolution was passed to recommend to the Village Board of Trustees a change in parking meter regulations on the streets and in the municipal parking lots in order to correspond with store hours. Stores in the business district are open 9 a. m. to 6 p. m. daily except Friday. Friday night closing is at 9 p. m. President Reynolds was delegated to present the proposal at the next village board meeting.

A contest to promote outside home Christmas decorating was outlined and approved. Details of the project will be announced by a committee including Mr. Fein, chairman; Joseph Bosco, Mr. Overbaugh and President Reynolds.

Marine Hero Is Fined, Reduced

Parris Island, S. C., Oct. 18 (AP)—A Marine Medal of Honor winner who held blazing hot machine guns to fight off a Red Chinese attack had been convicted by special court-martial here. Sergeant Alford Lee McLaughlin was sentenced to three months hard labor, reduction to private and a $120 fine.

The unpublicized court-martial was held on this sprawling recruit training center yesterday. McLaughlin pleaded guilty to drunkenness and unauthorized absence and was found guilty of disrespect to a superior officer and to a superior non-commissioned officer.

The 28-year-old native of Leeds, Alabama, was court-martialed for an episode last March at Rome, Ga., where he was stationed with a Marine reserve outfit.

Rome police said McLaughlin was arrested after going to the home of his commanding officer, Maj. Henry A. Checklou, and threatening the officer with an automatic shotgun. He was reported to have been drinking white whisky at the time.

Commissioner Cleared

Jersey City, N. J., Oct. 18 (AP)—A jury deliberated for 11 hours yesterday and then cleared City Commissioner Donald Spence of evading public bidding laws. Acquitted with him were three co-defendants and a shrubbery firm. Spence and the others were accused of conspiring in 1952 to split a $22,296 shrubbery purchase into vouchers of less than $1,000 each to avoid public bidding. Except for emergencies, all city purchases for $1,000 or more are subject to competitive bidding.

May Sign Pact Friday

Moscow, Oct. 18 (AP)—A declaration ending the 11-year state of war between the Soviet Union and Japan probably will be signed in the Kremlin tomorrow night. The Soviet Foreign Ministry announced a Kremlin banquet in honor of Premier Ichiro Hatoyama, who heads Japan's peace negotiating mission, would be held tomorrow night. Foreign Ministry sources said the signing ceremony probably would immediately precede the banquet.

Woman, Child Are Injured in Mishap

Mrs. Herbert L. Dickerson, 32, of 80 Chapel street, and daughter, Karen, 6, were injured in a four-car mishap on Broadway near Pine Grove avenue last night.

The car in which they were riding, driven by Mr. Dickerson was the last of three stopped in line and was struck in the rear by another, a police report noted at 7:55 p. m.

Mrs. Dickerson suffered a cut on the right leg and "was knocked unconscious," the police report said. Her daughter suffered a nose injury and bruise under the left eye. They were taken to Kingston Hospital by George Geuss, a taxi driver, treated and discharged.

The car of James C. Tanner, 30, of Pawling, and the sedan of Edward Geschwinder, 67, of 267 West Chestnut street were in line ahead. The fourth car, owned and operated by William Roberts, 21, of Neighborhood road, police said, struck the Dickerson sedan in the rear and the other two ahead became involved. All were damaged.

Officers Gilbert Gray and Frank Monte investigated.

Blizzard Balks Planes

Auckland, New Zealand, Oct. 18 (AP)—A white-out-blizzard, one of the Antarctic's worst features, held up today the third flight of U. S. Navy planes to McMurdo Sound for this year's Operation Deepfreeze. Six navy aircraft barely reached the airstrip after a 2,250-mile overnight trip from New Zealand, before communications almost blanked out. The planned departure this evening of a U. S. Air Force Globemaster to be followed early tomorrow by a second plane was postponed indefinitely.

Rochester Royals Top Syracuse Nats at Field House, 78-75

Stokes, Wanzer Star Before 1,800 In Legion Contest

Ed Conlin Hits 8 For Syracuse Squad

Rochester Royals, leading the Syracuse Nationals by 10 points (74-64) with less than five minutes remaining had to throttle a last-ditch rally by the lethargic Nats to capture last night's National Basketball Association exhibition, 78-75, at the Kate Walton field house.

A crowd surpassing 1800 insured a financial success for Kingston Post No. 150 of the American Legion, sponsors of the contest.

And if big-blond, 6-foot-9, Johnny Kerr hadn't blown four out of five free throw chances when Syracuse was applying the pressure in the last two minutes, the teams might still be battling it out on the Walton hardboards.

The last minute heroics by Coach Al Cervi's basketeers added a touch of lustre to what appeared to be a routine victory by the Royals, who were in command all the way.

Stokes, Wanzer Stars

With NBA "Rookie of the Year" Maurice Stokes and all-time NBA great, player-coach Bobby Wanzer furnishing the momentum the Royals grabbed an early lead and held it by varying margins, as superior condition and timing took its toll. They were playing their 12th exhibition to less than a half dozen for the Nats.

Stokes, giving the fans sporadic glimpses of the tremendous class that made him a unanimous All-American selection at St. Francis (Loretto, Pa.) College led both teams with 19 points. Wanzer, demonstrating the superb floor work that is his trademark, proved that a good little man can still score among the goons, with 16 points.

Veteran Dolph Shayes, the former NYU great and several-time pick on the NBA all-league team and Johnny Kerr, former Big Ten star out of Illinois, shared scoring honors with 13 points each for the Nats.

Conlin Scores Eight

Chief local interest, of course, was centered on the efforts of Ed Conlin, former All-America candidate at Fordham, who performed before a sizeable delegation of personal rooters, including several local relatives.

Conlin had tough luck on several shots in the early going but he connected with two fast baskets that maintained the Syracuse rally in the last two minutes. The tall, dark-haired, good-looking youngster finished with eight points and flashed a beautiful pair of hands on the floor.

The Royals led 24-16 in the first quarter chiefly on six points each by Schayes and Don Savage, former Lemoyne College (Syracuse) stars. They held their advantage at 39-31 at halftime.

A one-hander by Bob Burrows, former Kentucky U. star, widened the Rochester lead to 74-64 with 4:13 remaining and blase customers started drifting out of the arena.

Foul Shots Fail

But the Nats suddenly came to life as Conlin and Kerr each drilled a pair of baskets. Conlin's driving layup sliced Rochester's lead to 74-70 at the 2:46 mark. It was in the next minute that Kerr muffed a good chance to put Syracuse back in contention by blowing four of five fouls.

With 51 seconds left, Stokes' layup put the Royals safely in front, 76-72. Kerr made only one of a combination of three fouls and it was 76-73. Bob Hopkins of Grambling College canned a hook shot and it was 76-75 with only seconds remaining. John McCarthy of Canisius College was fouled on the next sequence and he didn't falter on two tries, bucketing both for a 78-75 with just two seconds left on the clock.

Syracuse called time to arrange a set play and Kerr got off a wild shot at the basket as the final whistle sounded.

BOWLING SCORES

Central Rec Major keglers compiled a half dozen "600" triples last night, the highest being the 652 registered by Cliff Davis of Wilber Coal.

Davis mixed a combination of 222, 205, 225, as he, Bob Birchall and Fred Rice collaborated for a three-man total of 1869 for the team that posted 2829 with a pair of 480-blind scores.

Birchall shot 244-215-624 and Rice hammered 213-226-593. Elsewhere in the league, Bill Lawrence toppled 204-202-237 for 643, Joe Misasi 213-202-205-620, Charlie Manfro 202-222-620 and Harold Broskie 232-202-613.

NBA Suspends Ward for Life

Detroit, Oct. 18 (AP) — The permanent suspension of Moses Ward, Detroit middleweight now fighting out of New York, was announced yesterday by Floyd Stevens, chairman of the Michigan State Athletic Board of Control.

Stevens, also president of the National Boxing Association, indicated the suspension will be observed in all states where the NBA governs boxing. He said Ward's poor record over the last 18 months dictated the decision.

Huskie Scout Lineman of Week

Seattle, Oct. 18 (AP)—Dick Day is large for his age, which is 20. He is big for the average junior in aeronautical engineering.

For any age and any class, the Associated Press lineman of the week is outsize—240 pounds of muscle molded on a 6 foot 3 inch frame.

Coach Darrell Royal of the University of Washington said "Day has been lineman of the week every week," in commenting on the selection.

The huge tackle earned his selection by cutting up the Oregon attack Saturday and recovering three fumbles in Washington's 20-7 victory. He made key tackles to choke Oregon threats and he kept vicious pressure on the Oregon passers.

Collins Takes Met PGA Title

New Coty, Oct. 18 (AP)—Bill Collins, a 28-year-old 6-3 pro from Grossinger, N. Y., came from behind to win the Metropolitan Professional Golfers Assn. title the first time he played in the event.

Collins, who led the field with a 68 after the first round but then slipped to a 76 on the second 18 holes, put together rounds of 70 and 71 at the Dellwood Country Club yesterday for a 72-hole total of 285.

The battle down the stretch was strictly a duel between Collins and veteran Jim Turnesa, a former National PGA champion. Collins, former assistant at the Glen Oaks Country Club on Long Island, took the lead at the end of 54 holes. Turnesa wound up with a 289 one stroke in front of Harry Dee of Scarsdale. Al Brosch of Woodmere, Long Island champion, trailed with a 291. Harry Cooper, defending titlist from Metropolis was next in line with a 292.

Norwich Eleven Will Drill Here

The Norwich University football squad, on which Bill Engle of Kingston is first string tackle, will work out at Dietz Stadium Friday at 4 p. m.

The Norwich team will stop over in Kingston en route to a Saturday game with Upsala College at East Orange, N. J. The public is invited to watch the workout.

Haber's Spree Sparks Godwins' Win Over Back's

A fourth period scoring spree by Bill Haber enabled Godwin's Upholstery to whip Back's Cedaraps, 66-61, in last night's prelim at the Kate Walton field house.

Haber, who racked up 20 points, yielded individual scoring honors to George Carpouzis of Back's who bucketed 29, but Haber did his heaviest damage in the fourth quarter when he hit with 14 of his total.

Writers Dispute Ortega's Victory

Boston, Oct. 18 (AP)—The high rating of Isaac (Kid) Logart as a contender for the world's welterweight championship still appeared justified todav despite a 10-round decision loss to unranked Gaspar Ortega of Mexico.

The 23-year-old Cuban, rated the No. 3 contender by the National Boxing Assn., was upset by Ortega in a nationally-televised bout last night on some surprising vote-casting by the officials.

The referee and one judge voted for Ortega and the second judge a draw. Boxing writers had Logart the winner by a 5-1 margin, while several other veteran ring men also figured the Cuban had won.

Logart subjected Ortega to a heavy body battering from the opening bell, but the Mexican Indian's last-round gained him the votes of referee Eddie Curley and judge John Norton.

REUNION IN KINGSTON—Richie Regan, left, Rochester Royal player and former Seton Hall All-America candidate, and Sam Anzelone, of The Freeman sports department, had a reunion last night at the Kate Walton field house. They served together in the Marines at Parris Island. Regan did not see action because of a leg injury. (Freeman photo)

Kucks Honored By Jersey City

Jersey City, N. J., Oct. 18 (AP)—Yankee pitcher Johnny Kucks, who beat Brooklyn in the last game of the World Series, was given a home town welcome yesterday.

Mayor Bernard J. Berry honored the pitcher at city hall after a motorcade through downtown streets. Johnny was handed a watch, the key to the city and other gifts.

He also received an "honorary Summa Cum Laude degree in athletics," the first such presented by his alma mater, Dickenson High School.

If the Kingston High School football squad needs any extra desire to condition itself mentally for the titanic struggle with Mont Pleasant tomorrow night, the record provides it in ample quantity.

The clash of the unbeaten teams finds the Schenectady gridders boasting a 6-1-0 margin over the Maroons in a series that started back in 1933.

The Red Raiders have won six times and tied Kingston in the other game (6-6 in 1952). In the seven games of the series, Mont Pleasant limited Kingston to 25 points, while rolling up 137.

Furthermore, there is the strong incentive of Coach Bill Burke's first undefeated, untied season, if Captain Pete Blanschan and company survive Friday's battle. They should beat the remainder of their opponents.

Coach G. Warren Kias will never forget the series opener with Mont Pleasant in 1933, when one of his finest squads lost to the Raiders, 6-0, at Schenectady. This was the DUSO championship squad of Jase Cullum, Mac Tiano, Eddie Burgevin, Zip Zaccheo and other heroic Maroon names. It was the only loss suffered by the team that year. A highly controversial call against Kingston robbed the locals of a possible victory. The stalwart of that Red Raider ensemble was a lad by the name of Corky Stanton, one of the finest all-round athletes ever developed in Schenectady, and later a professional basketball star with Kingston.

Mont Pleasant whipped Kingston, 6-0, the next year and the series was interrupted until 1941 when Mont Pleasant scored an 18-6 decision. The next year it was 33-0. After a nine-year break, the Dorphians outslugged Kingston, 27-13, in 1951, before settling for a 6-6 tie. Mont Pleasant rolled over the Maroon 41-0 last season.

From those gruesome statistics should be spawned the incentive and desire for a brillian Kingston victory tomorrow night. Mont Pleasant has one of its finest teams. The Maroons are probably the strongest since Eddie Weaver's day. The KHS student body and the public should jampack Dietz Stadium for what should be a schoolboy football classic.

• Flotsam and Jetsam:

Promoter Ted Bayly used announcer Dick McCarthy as a human decibel to determine fan sentiment at the wrestling show Monday night. A surprisingly large proportion of fans responded to huckster poll designed to determine the number that watch TV wrestling. Many of the weaker sex screamed with delight, prompting the promoter to announce a future card. . . . Add Burton Duetsch of Ellenville to the list of "I Beat the Champ" in National Bowling Day. He socked a 594 series, with 138-handicap, for a 732 gross. The public relations and promotion of the event was slightly on the bush side in the mid-Hudson area, we thought. The affair should have attracted at least 500 entries. . . . Boxing Beat—Lou Stillman, who abuses fight managers from the hours of 1 to 5 p. m. daily, will be honored by the targets of his verbal venom when the New York Managers' Association tenders a testimonial dinner in his honor in New York city on Jan. 26. . . . Former professional boxing star, Harry Dublinsky, now peddles ties in Miami, Chicago and New York, depending on the weather and time of the year.

• Of Men and Mice:

How about that Hoople guy calling the Port Jervis-NYMA game on the nose, 13-7 for Port Jervis? . . . What's he got in the big one Friday night at Dietz Stadium? You'll have to wait until tomorrow for that deathless prediction. . . . Newburgh Yankees played an exhibition with New York Yankee farmhands, plus Jerry Coleman and Frank Leja Sunday, and attracted "about 300" fans. This led the veteran Yankee scout, Paul Krechell, to observe tartly: "You couldn't draw a crowd in this town with Hitler pitching." What the venerable Krechell overlooked is the fact that Hitler is quite dead and so is semi-professional baseball and has been, lo these many years. . . . Sports head: A's Buy Flowers from Phils . . . What happened? All the Kansas City florists go out of business? Okay, we'll leave quietly.

Worsley Shines In Ranger Win

(By The Associated Press)

The New York Rangers, the big surprise of the National Hockey League last season, looked forward today to putting their new-found defense and goalie Lorne Worsley's reconditioned knee to the test against champion Montreal Saturday.

A test it will be. The Rangers didn't win any of seven games at Montreal while finishing third last season, losing all seven games.

"There's nothing I can say I was disappointed with in winning," said Ranger coach Phil Watson after last night's 2-0 success over Boston, "but there's Montreal Saturday — and "whooie!."

Worsley Clicks

It was the only game scheduled in the NHL last night, and with the victory the Rangers edged into second place with a 2-1 record—one point ahead of Boston and Toronto, and two back of unbeaten Detroit. The Canadiens are fifth at 1-1.

Watson was particularly happy with Worsley, who now has two shutouts and leads the NHL with a .978 percentage—stopping all but two of 93 shots in the three games. He turned back 27 Bruin bursts and Watson figures "the operation on that knee last summer has made Worsley better than ever."

The Rangers scored on Terry Sawchuk in the first period, when Andy Hebenton cashed an unassisted 55-foot screen shot at 4:32, and again in the second period, when Dave Creighton teamed with Ron Murphy for a 3:35 score. Creighton slapped it home with an assist from Murphy that made it look like a play in a coaching clinic.

Mister Knight First at Yonkers

Yonkers, Oct. 18 (AP)—Mister Knight, driven by Frank Safford, easily won the Rochester pacing feature before 16,391 at Yonkers Raceway last night.

Sent to the front at the half-mile pole, Mister Knight opened a long field and reached the wire two lengths ahead of Mr. Prince Dale. Adam Frisco was third. The winner returned $8.80 for $2 and paced the mile in 2:04 1/5.

28 Dodgers to Receive Record Losers' Share

New York, Oct. 18 (AP)—The biggest chunk of the $758,561.63 World Series players pool went to 32 members of the world champion New York Yankees, who pocketed $8,715.76. Twenty-eight members of Brooklyn Dodgers collected full shares of $6,934.34—a record losers' share.

The previous losers' high was picked up by the Cleveland Indians in 1954, with 34 full shares worth $6,712.50 each. That was the wealthiest four-game series on record, with the winning New York Giants claiming full shares of $11,147.80.

That series was played in New York's spacious Polo Grounds and Cleveland's mammoth Municipal Stadium—building a record players pool of $881,763.72. The players pool is derived from the first four games each year.

A total of 332 players, managers, coaches, batboys, ballboys, club, house attendants trainers, groundskeepers and traveling secretaries dipped into the 1956 pool. And no matter how you slice it, it ain't salami.

Slaughter Rewarded

The Yankees, taking a $50 top share cut by voting late-comer Enos Slaughter a higher percentage while the series was in progress, and the Dodgers split 70 percent of the melon. That with the Yankees getting $318,595.89 of it in the final figures announced by Commissioner Ford Frick yesterday for the seven-game series.

When Brooklyn defeated the Yankees in seven games in 1955, the player's pool was about $21,000 less. But the Dodgers' full shares were worth $9,768.21. The Yankees' top shares were $5,598.58.

Cleveland and Milwaukee, the second place clubs in the pennant races divide 15 per cent of the 1956 pool ($56,892.12 each); the third place Chicago White Sox and Cincinnati take 10 per cent ($37,928.08 each, and fourth place Boston and St. Louis 5 per cent ($18,964.04 each).

The Yankees also voted three members, outfielder Norm Siebern, Slaughter and clubhouse man Pete Sheehy, three-quarter shares. They upped Slaughter from a half share (a $2,100 hike) after the first series game with Frick's approval.

All figures are before taxes.

Podres Gets $500

In cutting up their slice, the Dodgers sent pitcher Johnny Podres, the 1955 series hero now in the Navy, a $500 cash grant. They had done the same for Don Newcombe when he was in service in 1953.

Net receipts for the series totaled $2,183,254.59 (compared to last year's $2,337,515.34 net). Of that, $1,180,204.76 went to the clubs and leagues and $237,488.20 to the commissioner's office. That left $675,561.63 for the players' pool, which was padded by $83,000 from pre-game television programs.

The full shares for the second, third and fourth place finishers came out like this:

Cleveland (31), $1,649.05; Milwaukee (33), $1,598.32; Chicago (29), $1,112.75; Cincinnati (29), $1,185.25; Boston (34), $505.71; St. Louis (30), $602.03.

The slimmest share was $50 voted by the White Sox to pitcher Dick Marlowe, a late-season addition to the roster.

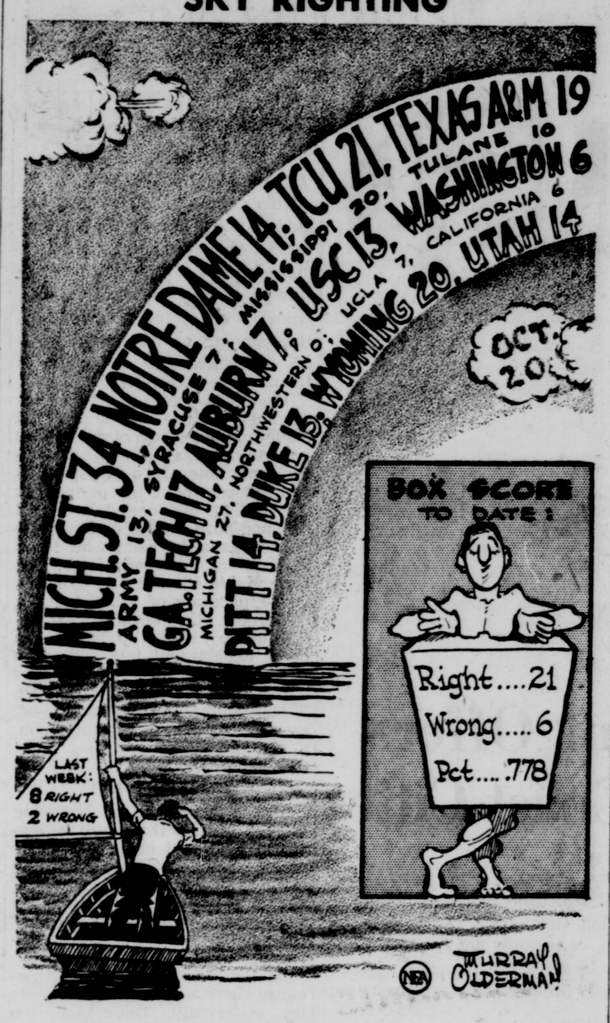
Cubs Get Freese, Ship Monte Irvin

Chicago, Oct. 18 (AP)—The Chicago Cubs yesterday acquired a third baseman, Gene Freese, 30, from their Los Angeles farm.

Freese was obtained in return for pitcher Jim Hughes, 33, and outfielder Monte Irvin, 37, who hit .271 in 111 games with Chicago this season. Hughes appeared in 39 games and had an earned-run average of 5.37, winning one game and losing three.

Freese hit .293 in 137 games with the Angels this season and was seventh in the Pacific Coast League in home runs with 22 and third in runs batted in with 112.

SKY RIGHTING



GI Joe's Oppose Merchant Keglers

Rolling on a hot streak, with eight wins in their last nine games, GI Joe's Express will try to check the fourth-place Middletown Merchants in a Hudson Valley bowling league feature Saturday night at Ferraro's Bowlodrome.

The Express (9-6) is locked in a tie with Mardi Bob Lanes of Poughkeepsie for sixth place.

Forst Formosts (12-3) figure to strengthen their first-place rating at the hands of the last place Walden Tavern, which has won only two games in 15.

Jones Dairy (11-4) and Channel Master of Ellenville (11-4) clash in a battle of second place giants on the Ellenville lanes. Tony's Pizzeria (8-7) visits Hotel Newburgh (9½-5½).

Torelli Takes Lead

Jim Torelli of Middletown has replaced Harold Broskie of Kingston as high average leader with a 204-5 mark. Broskie is second at 202, with Larry Petersen Jr., of Kingston, third at 200-2. Broskie holds the two individual marks of 268 and 684.

The standings:

RED RAIDER ACES—Two of the more formidable Mont Pleasant (Schenectady) threats against Kingston High tomorrow night at Dietz Stadium will be end Jim Taylor, left, and halfback, Rob Ogilvie. Taylor, 6-2, 185 pounds, has scored 24 points on four TD passes from quarterback Jim Poirer and is a good open field runner when he gets the ball. Ogilvie, 5-10, 170 pounds, is the clutch runner for the Red Raiders and has four TDs to his credit.

Is It Just Talk?

Senators Hint Offers From Two Coast Cities

By ED WILKS
(The Associated Press)

The Board of Directors of the Washington Senators huddle tomorrow (Friday) to consider moving their franchise to Los Angeles or San Francisco or Louisville—or possibly not to move at all.

Those three cities have made offers for the American League franchise, with most of the talk built around the west coast, particularly Los Angeles.

Other American League club officials, however, aren't commenting on how they would vote on a Washington request to move. And they say they won't comment on it until they "see a lot of things in black and white"—with cost the most important item.

Senator President Calvin Griffith, apparently seriously considering a shift to Los Angeles, said the west coast city has offered to build a ball park and to provide the money to buy the Pacific Coast League franchise there.

Just "Talking Stage"

American League President Will Harridge said as far as he's concerned it's still in a "talking stage," adding:

"As far as I know there is nothing concrete about a franchise change. We have asked the Senator officials not to ask for a league meeting on the matter unless they are in complete agreement on any shift."

At least one member of the Senators' board has said he'd go to court, if necessary, to block a shift.

Among other AL owners and officials, Chuck Comiskey of the Chicago White Sox said a switch to the west coast "would be a tremendously big move, travelwise and expensewise. I would want to see a lot of things in black and white."

Hank Greenberg, Cleveland General Manager said, "All I know about it is what I've read in the papers. There's been a lot of talk about moving to the coast for the past five years, but it never got past the talking stage.

"Maybe there's nothing more than talk to this one either."

Unanimous league agreement is necessary for a franchise shift—such as the recent moves from St. Louis to Baltimore and Philadelphia to Kansas City. If the Senators are to move anywhere by next season, the league will have to meet and okay the transfer before the Oct. 31 deadline.

Tigers Name Manager

While the Senators were considering a fresh start someplace else, the Detroit Tigers were busy with a fresh start under new owners and a new manager. Jack Tighe, 43-year-old Tiger first base coach, was named (as expected) to succeed the resigned Bucky Harris yesterday. He signed a one-year contract.

Elsewhere, August Busch, owner of the St. Lousi Cardinals, said he was pleased with field manager Fred Hitchinson and general manager Frank Lane. Both will be back next year, he said.

The Baltimore Orioles cut loose three veterans late yesterday—giving infielder Grady Hatton, outfielder Hoot Evers and southpaw Johnny Schmitz their unconditional release.

Richmond of the International League rehired Eddie Lopat, onetime New York Yankee southpaw 'junkman," as manager.

Another ex-Yankee, former outfielder George Selkirk, was named supervisor of player personnel by the Kansas City Athletics. He managed Wichita of the American Assn. the past season.

Sage Signs

Los Angeles (AP)—A van and storage company has a contest among its drivers for the best signs they've seen around the country. Some recent winners: On a wrecked car—"Never underestimate the power of a woman." On a taxi—"I'm lovely, I'm engaged." Outside a bar—"Cocktail hour, 1 p. m. to 7 p. m."

The Agate Type

Alliance, Neb. (AP)—When Bill Zieg went prospecting in the Black Hills he had no idea that his chief find would not be gold but a hobby. After 3 years Bill returned lugging 600 pounds of rock which formed the nucleus of what 20 years later is one of the finest rock collections in these parts. He specializes in agates.

By WARREN PAGE
Shooting Editor

This correspondent gets so mad he could chew nails and spit tacks whenever he reads the maunderings of one brand of nature-lover—the well-meaning but ignorant character who deplores the opening of hunting seasons on 'anterless deer in order to trim an overgrown herd.

That wail comes every fall, as regularly as the first snow. The noble-minded lover of all things natural breaks into print condemning the bloody-minded game department for permitting the killing of does, fawns and dropped-horn bucks, blasting the hunter as a butcher who loads his car with juvenile deer. Yet he and his ilk are the greatest deer-murderers of all.

Witness the carefully scientific survey made by Michigan's game department last year. The kill legally taken by hunters during the open season grossed 73,600 animals. But the die-off as a result of winter starvation, a few accidents and dog kills, totalled 115,650.

On Winter Kill

The winter-kill on browsing animals is not the result of extreme cold and only partly the result of abnormally deep snowfall. Primarily it is the result of simple starvation, which may, in turn ,lower vitality to the point where cold and heavy going contribute to the venison waste.

And why do deer starve? Because there is not enough browse or, conversely, there are too many deer for the available feed. I have seen this situation in at least two of the bucks-only states. The deer woods had been completely trimmed of feed in a distinct line between the winter snow depth and the height to which a hungry deer can stretch its muzzle, just as if an army of gardeners had gone through with hedge shears.

And which animals are first to go by the starvation route? The fawns and smaller does, the young stuff. Conservationists and hunters are called butchers when they suggest the wisdom of shooting them as edible meat.

The short-legged fawn and the yearling doe simply cannot reach high enough to get at the browse trimmed back by more mature animals. So, the very deer the noble-minded would protect are killed—and utterly wasted—by kindness, by emotional unwisdom.

Curious Cat

Gig Harbor, Wash. (AP) — Curiosity almost killed the cat. Chester Ream, curious himself as to of what might be under the hood, stopped his car on the road and retrieved the family's 3-month-old Manx, Nosy, from a precarious spot between the exhaust manifold and whirring fan blades.

THE TIGERS' NEW COMMAND — Jack Tighe, second from right, newly-named manager of the Detroit Tigers poses with his coaches at Briggs Stadium office following the announcement of his selection. From left are Willis Hudlin, Don Lund, Tighe and Billy Hitchcock. Tighe, a former Detroit coach, succeeds Bucky Harris at the helm. (AP Wirephoto)

Dodgers Arrive in Japan, Far From Larsen...Kucks

Tokyo, Oct. 18 (AP)—Brooklyn's baseball Dodgers, weary and five hours late, landed here today to a rain-dampened but enthusiastic welcome for their barnstorming tour of Japan.

A chartered Pan-American DC7C carrying the Dodgers from Honolulu was delayed more than 5 hours at Wake Island by a defective brake and a half-flat tire.

"Man, we're beat," said second baseman Jackie Robinson as he walked down the ramp. "We were on the plane, off the plane, on the plane, off the plane. We're tired."

A crowd variously estimated at 3-4,000 mostly school children, waved flags and cheered loudly as the tired "Bums" filed from the plane.

About 300 persons were inside the International Airport terminal, where the players posed for pictures with leading Japanese actresses such as Machiko Kyo, star of Rashomon and "Teahouse of the August Moon."

Not Like Yankees

The crowd was far smaller than that which last year greeted the touring New York Yankees on their arrival.

The DC7C carried 60 persons —25 players, 12 wives, top club and National League officials. In the big plane's hold were 40 sacks of baseball equipment which the Dodgers will use on their 17-game Japanwide tour. The party spent a full hour going through customs and immigration.

Duke Snider, star centerfielder, said as he entered the airport lobby, "We're all very tired, but we're glad to be here. If we have chance to shower and clean up we'll feel much bettter."

There were indications, however, it would be late in the evening before any of the Dodgers got a chance to check into the luxurious Imperial Hotel. They were hustled from the airport in a caravan of automobiles, gaily decorated with flowers and balloons for a parade through drizzly downtown Tokyo.

Immediately afterward, they were scheduled for a reception at an exotic Japanese-style garden restaurant in downtown Tokyo.

Saugerties High School Honor Class Is Listed

Zane Lauva with 97.33 per cent and William Zeilman with 96.09 headed the Saugerties Central High School senior class of 87 with scholarship honors, according to Dr. Grant D. Morse, superintendent of schools.

The list announced at the morning assembly in the auditorium Wednesday included six other students in the 90 per cent category. They are Rosemary Martin, Thomas Thornton, Joan Cotich, Donald Whitaker, Crystal Jobst and Jane Carn.

Miss Lauva named valedictorian was selected this year as Miss Loyalty by Saugerties Memorial Post 5034, VFW on the basis of her outstanding essay on the Loyalty Day theme.

Mr. Zeilman selected as salutatorian is an outstanding athlete starring both in basketball and track.

Dr. Morse said, "In Saugerties Central High School we regard the scohlarship winners as making the most significant achievement for the school year. Although their accomplishment is probably far more significant from a personal point of view, and from the point of view of the nation, than achievements in athletics, music, plays, debates and other studies and activities, there is a tendency not to give too much emphasis to the achievement."

The following received grades of 85 per cent or better:

Zane Lauva	93.33
William Zeilman	96.09
Rosemary Martin	93.79
Thomas Thornton	92.87

Given Diamond Award 3rd Time

Woodstock, Oct. 18—Marianne Ostier, vice president and designer of Ostier, Inc., 724 Fifth avenue, New York city, and resident of Ohayo Mountain, Woodstock, received yesterday, for the third successive time the Diamonds U.S.A. Award.

The selection committee included Dr. A. M. Frankfurter, editor of Art News; Leon Leonidoff, senior producer of Radio City Music Hall; Rouben Mamoulian, Hollywood producer; Mrs. Brooks McCormick, socially prominent Chicagoan; and Miss Pauline Trigere, one of America's leading dress designers.

Mrs. Ostier received the Diamonds U.S.A. Award for three of her designs. One of these, ear-clips called "Re-appearing New Moon" is designed like two crescent moons, rimming the ear at top and bottom. The moons are made of baguette diamonds flanked by pearls and are held in place by a platinum wire which disappears behind the ear. A unique feature of these earrings is that they are reversible, and the heavier crescent can be worn on the top or bottom. Another of Mrs. Ostier's award-winning creations is her "Star-Performer" cuff buttons and shirt studs. Made of brilliant-cut diamonds set into platinum stars, these feature the "airline" setting—open channels between the diamond and mounting—which make the diamond seem larger. The third Ostier design selected by the committee was her "Cherry Blossoms" earring, a bouquet of small brilliants bound with an inch of baguette diamond ribbon.

No Limit on Designs

These pieces were chosen from anonymous designs by a selection committee composed of the five above named persons, recognized authorities in the fields of fashion design, the arts, creative design, other than fashion, fashion authority and the consumer. The Diamonds U. S. A. Awards are the first in jewelry history given specifically for creative design in diamonds. There is no limit on the number of designs which the committee may select for the award collection. Besides Marianne Ostier, 14 other jewelers received the Diamonds U. S. A. Awards this year for design work represented by 26 pieces.

Marianne Ostier, who received the Diamonds U. S. A. Award Wednesday at a luncheon at the Plaza Hotel, New York city, is a native of Vienna and a graduate of the Academy of Fine Arts of Vienna and Paris. Besides making a name for herself as a sculptress, she has revolutionized the American jewelry industry in the past decade ,with her outstanding designs, which are known from coast to coast. Her husband, Oliver Ostier, is president of Ostier, Inc., a company which represents one of the most successful examples of husband-wife management.

Response Good In Scout Drive

Woodstock, Oct. 18—The Ulster County Council of Girl Scouts opened its annual fund-raising drive Monday, and the results thus far have been reported as gratifying. The volunteer workers in the Onteora and Woodstock neighborhoods are highly enthused over the fine reception given and the cooperation shown by area residents thus far in the campaign.

Mrs. John Lurie, Jr., of Woodland Valley is drive chairman for the Onteora Neighborhood. Mrs. Victor Allen and Mrs. Francis W. Antenucci are co-chairman for the Woodstock neighborhood. According to Mrs. Antenucci, the tradespeople in Woodstock, who were canvassed Monday were more than generous in their support.

The Onteora neighborhood has contributed a list of volunteer helpers who were not included in previous announcements. They are as follows: Krumville-Samsonville, Mrs. Lorin Barringer; Olive Bridge, Mrs. Rose Aronofsky and Mrs. Lorraine Cline; West Shokan, Mrs. Fay Muller, Mrs. Hyman Axinn, Mrs. Robert Pleasants, Mrs. Marcel Maier and Mrs. Charles Wiedner, 3rd; Willow, Mrs. Harry Ostrander, captain.

Bearsville-Shady-Lake Hill, Mrs. William Pierpont and Mrs. Alan Dean Elwyn; Shandaken-Bushnellville-Allaben, Mrs. Reuben Maben, Mrs. Richard Lorenz, Mrs. Richard Merwin, Mrs. Frank Rutherford, Mrs. Dorothea Munch, Mrs. Edna Knight, Mrs. Thomas Hallenbeck, Mrs. Belle Rowe; Phoenicia, Mrs. Henry Bernstein, Mrs. Alfred Pettinato, Mrs. DeForest Smith and Mrs. Roy Winchell; Woodland, Mrs. John McGrath; Mt. Tremper, Mrs. Ernest Gardner and Mrs. Howard Umhey; Shokan-Ashokan, Mrs. Robert Thornell and Boiceville, Mrs. Paul Runge, captain.

Funds will be solicited from house-to-house with the exceptions of Mt. Tremper, Krumville and Samsonville areas. Mrs. Harry Carle, captain, has announced that a game social will be held at the Community Hall in Mt. Tremper Saturday evening, Oct. 20, at 8:15 p. m. In Krumville, Samsonville, Mrs. Bradford Kelder has announced that a tea and cake sale will be given on Saturday, Nov. 3, at the Samsonville schoolhouse.

JIMMY SETS THE YEAR — Actress Margie Little, 35, of Plainfield, N.J., will become the bride of 63-year-old Jimmy Durante "some time next year" she says, in announcing their engagement. The elusive comedian has been sidestepping another march down the aisle since the death of his first wife in 1943.

Denies Knowing Women in Locked Room of Vessel

New York, Oct. 18 (AP)—The captain of the Andrea Doria says he did not know that two elderly women, locked in their stateroom, had gone down with the Doria reportedly because nobody went to their aid.

Capt. Piero Calamai testified yesterday in pre-trial hearings of damage suits resulting from the sinking of the Doria last July after a collision with the Swedish liner Stockholm. Some 50 lives were lost in the accident.

During cross-examination, Calamia was told that two women had been left alive in cabin 230 after the ship was abandoned. He replied:

"I hear it now for the first time."

The captain said he had received a call from cabin 230 and had sent a rescue squad there. He said the squad reported that the call actually came from cabin 236, where they rescued a little girl whose arm had been caught between her berth and the bulkhead.

Before he left the ship, Calamai said, it was reported to him that no passengers remained aboard the Doria.

Two Sought in Boat Theft

Rochester, N. Y., Oct. 18 (AP)—Police today were searching for two Canadian men who allegedly stole a 20-foot cabin cruiser from Oshawa, Ont., and then abandoned the vessel after being towed by a U. S. Coast Guard cutter into nearby Summerville yesterday. The Monroe county sheriff's office said the men ran out of gas on Lake Ontario yesterday and were first taken under tow by the steamer F. W. Moore.

Agreement Is Needed On School Architect

Roland A. Riegel, acting supervising principal of the Rondout Valley School District, today clarified a statement published Wednesday to the effect that Harry Halverson, Kingston architect had been retained as architect at a meeting of the board on Tuesday evening.

The board appointed Harry Halverson as an architect with the firm of Bellante & Clauss of Philadelphia, Pa., as associates "provided those two architects can agree, subject to the approval of the board of education, on their association."

A meeting will be held by the board of education of the Rondout Valley Central School District on Wednesday, October 24, at which time both architects will be present and the board will then be informed as to whether a satisfactory agreement has been reached between the two architects.

REINA, Defendants.

In pursuance of a judgment of foreclosure and sale, duly granted in the above entitled action, and entered in Ulster County Clerk's office, on the 25th day of September, 1956, I, Arthur A Davis, Jr., the undersigned, Referee in said judgment named, will sell at public auction at the front door of the County Court House in the City of Kingston, County of Ulster, N. Y., on the 13th day of November, 1956, at 11 o'clock A. M., the premises described in said Judgment, as follows, viz:

ALL THAT PIECE, PARCEL OR TRACT OF LAND situate, lying and being in the Town of Shandaken, Ulster County, N. Y., and described as follows:

BEGINNING at a point on the northeasterly side of the public road leading from Phoenicia to Pine Hill in the Village of Shandaken at the southwest corner of lands of Allen Meyer (late the Eighmey tavern lot) and running thence as the needle pointed the 22nd day of July, 1912 along lands of Allen Meyer and land late of Scott Gillespie north 37 degrees and 37 minutes east 302 5/10 feet to the northeast corner of land conveyed to Jermiah S. Whitney by Francis B. Burhans the 23rd day of August, 1886, then along said land and along an old fence south 65 degrees 40 minutes west 95 7/10 feet and north 30 degrees and 10 minutes west 135 4/10 feet to land late of Franklin B. Lament, thence along said land and over a very old stone wall south 30 degrees 34 minutes west 185 feet and south 33 degrees and 25 minutes west 114 1/10 feet thence north 51 degrees 30 minutes west 42 5/10 feet thence south 38 degrees and 30 minutes west 32 feet to the northerly side of the aforesaid public road thence along the northeasterly side of said road south 51 degrees 30 minutes east 230 4/10 feet to the place of beginning.

ALSO ALL THAT PIECE OR PARCEL OF LAND on the southwesterly side of the aforesaid public road:

BEGINNING at the northwesterly corner of a lot conveyed by Dorman P. Knapp to Jermiah S. Whitney September 12, 1906, a plug and running thence along said side of said road south 50 degrees 34 minutes east 185 2/10 feet to a plug driven in the ground thence south 34 degrees 49 minutes west 155 1/10 feet to a plug driven in the ground thence north 50 degrees 41 minutes west 127 feet to the center of the Bushkill thence up to the center of said Bushkill as it winds and turns to a point in range with a line parallel to the westerly side of the barn on lot hereby conveyed and 5 feet westerly distant therefrom, thence north 41 degrees east parallel with the westerly side of said barn and 5 feet westerly therefrom about 65 feet to the place of beginning.

ALSO ALL THAT PIECE OR PARCEL OF LAND situated as aforesaid being the north corner of Philip Grispell lot on the north side of the Esopus Creek as it run in March 1879, and bounded as follows:—

BEGINNING on the west corner in the middle of the old bed of the Esopus Creek as it formerly run about 2 rods east of a bunch of Willow bushes thence down the middle of the Esopus Creek as it run in March 1879, 61 rods to the middle of the old bed of the Esopus Creek as it run in 1869, thence north up the bed of the old original Esopus Creek 31 rods thence southwest up the original Esopus Creek in the middle of the old original bed of said Creek as it winds and turns to the place of beginning supposed to contain about 5 acres of land more or less.

Less so much of said premises as has been acquired by the County of Ulster for the improvements, reconstruction, and repair of County Highway 31, Ulster County.

The aforementioned property contains all rights to a certain spring of water as conveyed by Hiram Whitney to Jermiah Whitney October 19, 1895, and recorded in Book number 326 in the office of the County Clerk of Ulster County, New York.

SUBJECT to a state of fact shown on survey dated September 16, 1940 made by G. W. Codwise, C. E., Kingston, New York.

SUBJECT to covenants, restrictions, easements and/or reservations contained in prior deeds of record.

It being intended by the foregoing description to include all that land conveyed to Juanita Rodriguez by deeds made on May 9, 1952, by Ramonita Lorenzo and Hipolita Crescione, which deeds were recorded in the office of the County Clerk of Ulster County, New York, on June 16, 1952, in Liber 829 of Deeds at page 279 and Liber 829 of Deeds at page 284.

Dated at the City of Kingston, N. Y., this 25th day of September, 1956.

Former AEC Head Scores Stevenson On Ending Tests

Washington, Oct. 18 (AP)—A former medical research chief for the Atomic Energy Commission (AEC) says nuclear tests have produced only an "insignificant" amount of a substance Adlai Stevenson terms "the most dreadful poison."

The commission made public yesterday a telegram from Dr. Shields Warren, head of its Division of Biology and Medicine from early AEC days until mid-1952, in which Warren said some statements Stevenson made regarding strontium-90 "should be corrected."

In connection with Stevenson's call for this country to take the lead in working toward an end of hydrogen bomb tests, Dr. Warren said in a telegram of AEC Chairman Lewis L. Strauss:

Calls Move 'Stupid'

"To permit us to fall behind (the) Russians is disastrous; to wait for them to catch up to us is stupid."

Dr. Warren, now scientific director of the Cancer Research Institute of New England Deaconess Hospital, dealt primarily with strontium-90, one of the substances found in the fallout of nuclear weapons.

Stevenson; the Democratic presidential nominee, had said Monday night that continued tests distribute around the world strontium-90 which, he said, "in sufficient concentration . . . can cause bone cancer and dangerously affect the reproductive processes."

Leaves Hospital Today

Middletown, Conn., Oct. 18 (AP)—The 33-year-old mother of slain infant Cynthia Ruotolo plans to leave the state mental institution today. Mrs. Eleanor Ruotolo entered the Connecticut State Hospital voluntarily Oct. 4 after asking doctors for help with her "emotional problems." Her six-week-old daughter was taken from her carriage left in the foyer of a Sears Roebuck department store in Hamden on Sept. 1. Five days later her body, stuffed in a plastic bag and weighted down with a rock, was found in a lake about a mile from the store.

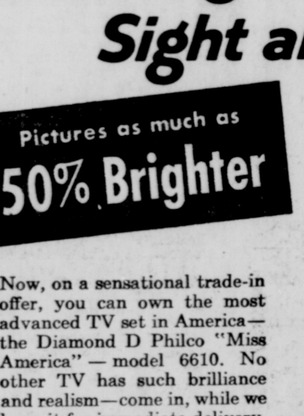
Here for 1957 . . . A New Kind of TV!
PHILCO DIAMOND TELEVISION
Startling new mastery of Sight and Sound!
Pictures as much as 50% Brighter
NEVER BEFORE SOUND SO CRYSTAL CLEAR
Now, on a sensational trade-in offer, you can own the most advanced TV set in America—the Diamond D Philco "Miss America" — model 6610. No other TV has such brilliance and realism—come in, while we have it for immediate delivery.

Automatic Top Touch Tuning Plus Four-Way Remote Control
At the set or from across the room, a touch turns the set on or off, changes stations, or adjusts volume. Come in and try Philco Automatic Tuning.



Horizontal Console WITH SOUND OUT FRONT at a Table Model Price
$219.95
Hear the difference in this Philco model 4204 with speaker on the front—not the side. Don't settle for any set with "round the corner" listening.

Only Philco for '57 gives you all these:
- New Mastery of TV Sight with Decatron Video System
- New Mastery of TV Sound with Dynamic Diode Detector
- New Rectangular Speakers
- Finest Automatic Tuning
- Sound Out Front in All Models
